For Immediate Release – April 28, 2016

Pleasant & Conz Streets Roundabout Construction to Begin

Construction of a roundabout at the intersection of Pleasant and Conz Streets is expected to begin soon. MassDOT has selected Gomes Construction of Ludlow, MA to carry out the project. In addition to constructing the roundabout, the project includes new sidewalks, relocation of exiting gas lines, some water line replacement, and new street lighting.

On Friday, April 29, 2016, Gomes Construction will remove the sidewalk on Conz Street from the area of Fulton Avenue to the front of the Quality Inn, in preparation for gas line work. On Monday, May 2, 2016, Columbia Gas will begin relocating gas lines on Conz Street. Once the gas line work is complete the area will be prepped for construction. Before the end of the 2016 construction season roadway reconfiguration and base asphalt will be completed. Remaining work on curbing, sidewalks, driveways, lighting, landscaping, final paving, striping, and signage will continue through 2017, with final completion anticipated by the end of the 2017 construction season.

Electronic billboard signs will be placed in the area to notify motorists of potential traffic delays and construction updates will be posted on the [DPW blog](#) weekly.
