Re: Council Order 21.197 – Petition for Installation and Maintenance of Underground Conduit and Manholes No. 23303524 – Damon Road Reconstruction Project MassDOT No. 608236 – Damon Road

---

I have reviewed Department of Public Works (DPW) records and submittals including images, sketches and reconstruction plans for MassDOT Damon Road project No. 608236. This petition with a revised plan dated March 24, 2021, includes the proposed construction of a line of underground electric conduits and manholes, including the necessary sustaining and protecting features, under and across the public ways or ways, by National Grid, referenced in City Council Order 21.197.

The installation is proposed to be located beginning at a point approximately 178 feet northeast of the centerline of the intersection of Industrial Drive and Damon Road and continuing in a northeast direction. National Grid proposes to install Manhole 1 with approximately 20 feet of four 5-inch, future use conduit to the northwest, approximately 45 feet of two 5-inch conduit to pole P7-25, approximately 377 feet of six 5-inch conduit from Manhole 1 to Manhole 2, approximately 37 feet of two 5 inch conduit from Manhole 2 to P7-50, and approximately 20 feet of four 5-inch, future use conduit to the northeast from Manhole 2, as shown on the attached plan dated March 24, 2021.

No potential conflicts were observed, but the contractor shall use caution when excavating since the exact location of the existing sewer force main is unknown.

A trench permit approved by the DPW has already been issued for the Damon Road project to Gagliarducci Construction who will be installing the manholes and conduit under contract with MassDOT. This permit will be revised to reflect the specifics of the above work upon approval of this petition by Council.

To: Donna LaScaleia, Director of Public Works *Approved 4-27-21 M*  
From: David Veleta, City Engineer  
Date: April 27, 2021  
Re: Council Order 21.238 – Petition for Joint Ownership Pole Install No. 23303524 – Damon Road Reconstruction Project MassDOT No. 608236 – Damon Road

---

I have reviewed Department of Public Works (DPW) records and submittals including images, sketches and reconstruction plans for MassDOT Damon Road project No. 608236. This petition includes the proposed installation of one (1) joint ownership (JO) pole shared between National Grid and Verizon, referenced in City Council Order 21.238.

One (1) pole on Damon Road, numbered 9-50, is proposed. This pole is to be located at a point approximately 154 easterly of the intersection of River Run and Damon Road as shown in the application sketch and provides intermediate support for overhead wires spanning between existing poles.

The proposed pole is located within the existing roadway pavement and shall not be placed until the new, relocated curbing associated with the project is installed. The pole shall be placed with a minimum 1.5' horizontal offset between the face of the new curb and the face of the pole. A minimum 3' clearance between the back of the pole and the back of the new sidewalk is necessary to meet minimum ADA compliance. The sketch shows a proposed guy wire to the north, which must not interfere with the required ADA sidewalk clearance. The pole shall be placed with a minimum five-foot horizontal offset from the existing water service line for 104 Damon Road.

A valid trench permit approved by the DPW is required before work at this location commences.

## Memorandum

---

To: Donna LaScaleia, DPW Director *Approved 4-27-21*   
From: Kris Baker, P.E., Civil Engineer  
Date: April 26, 2021  
Re: Petition for Joint or Identical Pole Locations No. 30025210

---

National Grid is proposing to install two (2) Jointly Owned Poles on Burts Pit Road: one approximately 1,023 feet east from the centerline of the intersection with Woods Road, and one approximately 229 feet east from that pole, as staked. A site visit was conducted on April 26, 2021 with the developer and a National Grid representative to discuss the proposed work as well as to determine the field location of the proposed poles in relation to the existing water and sewer stubs to the properties. The existing water valves and sewer cleanouts were field located and marked by the Water Division and the Sewer & Drain Division, respectively.

The proposed location of pole #72-50 is six (6) feet from the existing water service line. The proposed location of pole #71-50 is five (5) feet from the existing water service line. The poles are located more than five (5) feet from existing sewer service lines and more than ten (10) feet from the existing water main, drain pipes, sewer main, and manhole structures. The poles should therefore be set at the staked locations and there will be no utility conflicts.

There are no trees in the vicinity of the proposed poles and no apparent interference of trees with proposed overhead wires.

A valid "Excavation/Trench Permit" issued by the DPW is required prior to construction.

## Information for Vehicle Owners

- Certificate of Registration:** Every person operating a motor vehicle shall have the Certificate of Registration for the motor vehicle and/or trailer, in the vehicle, in some easily accessible place. The records of the RMV constitute the official status of the vehicle registration.
- Change of Address:** By law, you must report any change of address to the RMV within 30 days. Visit [Mass.Gov/RMV](http://Mass.Gov/RMV) to change your address. Once you have reported the address change to the RMV, please write corrected address in box provided above.
- No Insurance Card Required:** Massachusetts law does not require an insurance card. M.G.L. Chapter 90, section 34, and Chapter 175, Section 113A, requires the vehicle's owner to maintain a compulsory motor vehicle liability insurance policy or bond for bodily injury coverage and property damage insurance. The insurer is required by law to electronically notify the Registry of Motor Vehicles if coverage lapses. The vehicle owner is then notified by the RMV to obtain new insurance within 10 days or the registration will be revoked. Bonds are filed with the State Treasurer's Office.
- Transferring Your Plates:** Massachusetts General Law (M.G.L. Chapter 90, Section 2) allows you to transfer valid registration plates from this vehicle to a newly acquired new or used motor vehicle or trailer while you obtain insurance and a new registration. See the Transferring a Registration Section on the RMV's website at [www.mass.gov/rmv](http://www.mass.gov/rmv) for more information.
- Cancel the registration plates if:**
  - The vehicle has been sold or junked and the registration is not going to be transferred to another vehicle.
  - You move to another state and you register the vehicle in that state.
  - The insurance policy is not renewed or is cancelled and there is no plan to obtain a new policy.

WHEREAS, the City of Northampton awarded a contract for the aforementioned two-phase study to Design Nine, Inc. which has completed a market study, the overwhelmingly positive results of which dictate moving forward with the comprehensive feasibility study; and
