CITY COUNCIL *CITY OF NORTHAMPTON* MASSACHUSETTS

CITY OF NORTHAMPTON CITY COUNCIL NOTICE OF PUBLIC HEARING

Per M.G.L. Chapter 148, Section 13, North Commons at Village Hill, LLC has submitted an application for a License for Storage of Flammables and Combustibles for one (1) 4,000-gallon LP Gas underground storage tank at 140 Olander Drive, Northampton, MA.

The City Council will hold a public hearing by video conference on **Thursday, May 20, 2021 at 7:05 p.m.** Instructions for accessing the hearing may be found on the May 20, 2021 City Council agenda to be posted on the city website (www.northamptonma.gov) at least 48 hours prior to the meeting.

The City Council will hear all persons who wish to be heard thereon. The City Council meeting begins **at 7 p.m.**

Attest: Laura Hill Krutzler
Clerk to the City Council

Publish date: On or before May 13, 2021

Dear Neighbor,

You are receiving this letter along with a notice of Public Hearing for the Northampton City Council. As part of our construction project, North Commons at Village Hill LLC, c/o The Community Builders, as the Owner and developer of North Commons, is required to request City Council approval for the installation of (2) 2,000-gallon underground propane storage tanks to support the domestic hot water system for the entire North Commons building. We understand the choice to go with a fossil fuel might surprise some, and we wanted to provide some context on how we came to this decision and why it was the best choice for this multifamily, affordable Passive House building.

Sustainability – The building has been designed to meet Passive House standards, which is considered the highest energy standard of building technology. This large multi-family building also features a significant amount of open space including a playground, walk paths, and flat, green lawn space for the benefit of building occupants as well as the larger Village Hill community. In addition, approximately 20 acres of undeveloped land surrounding the North Commons site to the north and west and adjacent to the Mill River will be preserved through a conservation restriction with the City of Northampton.

Passive House Considerations– In order to achieve this important energy goal, we worked with our consultants to design the best system for our project in terms of sustainability. The factors that led to this decision included:

- *Source Energy Factors:* The source energy factor was 3.16 Btu/Btu for electricity, and the source energy factor for propane was 1.1 Btu/Btu. In other words, the source energy factor for electricity is 3x higher than propane due to distribution losses in the transmission of electricity. The Passive House Institute US “PHIUS” program uses source energy as part of their program requirements, and the source energy threshold is 6,200 kWh/person/yr. Because the source energy factor for electricity is 3x higher it is more efficient to meet this threshold with propane instead of electricity. If electric-fueled domestic hot water production were utilized in this instance, the project as a whole would have exceeded the 6,200kWh/person/yr. requirement and would not have been able to meet the Passive House design requirements/standard.
- *Available equipment:* At this time, the industry does not have air to water heat pump equipment that can adequately cover 100% of the domestic hot water demand in cold climates for dense multifamily buildings such as North Commons. The capacity of this equipment drops off at lower temperatures and cannot cover the peak demands associated with domestic hot water in winter months. As a result, there is not a great option for electric-fueled domestic hot water production in dense multifamily buildings in cold climates such as New England.
- *Industry Design Paradigm:* At the time of design there was not as much of an industry focus on full electrification of all building end uses (including domestic hot water), decarbonization, and an associated cleaning of the electricity grid. In the last three years, designers have just started to really focus on this. In fact, at the time of design, electricity in the USA was ‘dirtier’ than propane according to PHIUS. CO² emission factors were 90.86 g/kBtu for propane and 199.31 g/kBtu for electricity. Today, designers are forecasting and banking on a 2050 electrical grid that will be much cleaner than today, opening up options for future buildings.

Overall, The Community Builders is excited to be bringing this highly energy efficient, sustainable, affordable housing resource to Northampton. We are looking forward to working together with our neighbors to welcome fifty-three new families to the Village Hill Campus in 2022.

Memorandum

To: Donna LaScaleia, DPW Director *Approved 4-27-21* 
From: Kris Baker, P.E., Civil Engineer
Date: April 26, 2021
Re: Petition for Joint or Identical Pole Locations No. 30025210

National Grid is proposing to install two (2) Jointly Owned Poles on Burts Pit Road: one approximately 1,023 feet east from the centerline of the intersection with Woods Road, and one approximately 229 feet east from that pole, as staked. A site visit was conducted on April 26, 2021 with the developer and a National Grid representative to discuss the proposed work as well as to determine the field location of the proposed poles in relation to the existing water and sewer stubs to the properties. The existing water valves and sewer cleanouts were field located and marked by the Water Division and the Sewer & Drain Division, respectively.

The proposed location of pole #72-50 is six (6) feet from the existing water service line. The proposed location of pole #71-50 is five (5) feet from the existing water service line. The poles are located more than five (5) feet from existing sewer service lines and more than ten (10) feet from the existing water main, drain pipes, sewer main, and manhole structures. The poles should therefore be set at the staked locations and there will be no utility conflicts.

There are no trees in the vicinity of the proposed poles and no apparent interference of trees with proposed overhead wires.

A valid "Excavation/Trench Permit" issued by the DPW is required prior to construction.

Re: Council Order 21.238 – Petition for Joint Ownership Pole Install No. 23303524 – Damon Road Reconstruction Project MassDOT No. 608236 – Damon Road

Approved 4-27-21 M

I have reviewed Department of Public Works (DPW) records and submittals including images, sketches and reconstruction plans for MassDOT Damon Road project No. 608236. This petition includes the proposed installation of one (1) joint ownership (JO) pole shared between National Grid and Verizon, referenced in City Council Order 21.238.

One (1) pole on Damon Road, numbered 9-50, is proposed. This pole is to be located at a point approximately 154 easterly of the intersection of River Run and Damon Road as shown in the application sketch and provides intermediate support for overhead wires spanning between existing poles.

The proposed pole is located within the existing roadway pavement and shall not be placed until the new, relocated curbing associated with the project is installed. The pole shall be placed with a minimum 1.5' horizontal offset between the face of the new curb and the face of the pole. A minimum 3' clearance between the back of the pole and the back of the new sidewalk is necessary to meet minimum ADA compliance. The sketch shows a proposed guy wire to the north, which must not interfere with the required ADA sidewalk clearance. The pole shall be placed with a minimum five-foot horizontal offset from the existing water service line for 104 Damon Road.

A valid trench permit approved by the DPW is required before work at this location commences.

PETITION FOR JOINT OR IDENTICAL POLE LOCATIONS

North Andover, Massachusetts

To the City Council
Of Northampton, Massachusetts

Massachusetts Electric Company d/b/a NATIONAL GRID and Verizon New England, Inc. requests permission to locate poles, wires, and fixtures, including the necessary sustaining and protecting fixtures, along and across the following public way:

Damon Rd. - National Grid to install (1) JO pole 9-50 on Damon Rd. beginning at a point approximately 26 feet southeast of the centerline of the intersection of River Run and Damon Rd. and continuing approximately 154 feet in an east direction.

Location approximately as shown on plan attached.

Wherefore it prays that after due notice and hearing as provided by law, it be granted a location for and permission to erect and maintain poles and wires, together with such sustaining and protecting fixtures as it may find necessary, said poles to be erected substantially in accordance with the plan filed herewith marked – Damon Rd. - Northampton, Massachusetts.

23303524

Also, for permission to lay and maintain underground laterals, cables, and wires in the above or intersecting public ways for the purpose of making connections with such poles and buildings as each of said petitioners may desire for distributing purposes.

Your petitioner agrees to reserve space for one cross-arm at a suitable point on each of said poles for the fire, police, telephone, and telegraph signal wires belonging to the municipality and used by it exclusively for municipal purposes.

ORDER FOR JOINT OR IDENTICAL POLE LOCATIONS

To the City Council - Northampton, Massachusetts

Notice having been given and public hearing held, as provided by law,
IT IS HEREBY ORDERED:

that Massachusetts Electric Company d/b/a NATIONAL GRID and VERIZON NEW ENGLAND INC. (formerly known as NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY) be and they are hereby granted joint or identical locations for and permission to erect and maintain poles and wires to be placed thereon, together with such sustaining and protecting fixtures as said Companies may deem necessary, in the public way or ways hereinafter referred to, as requested in petition of said Companies dated the 19th day of March 2021.

All construction under this order shall be in accordance with the following conditions:

Poles shall be of sound timber, and reasonable straight, and shall be set substantially at the points indicated upon the plan marked – Damon Rd. - Northampton, Massachusetts.

23303524 Filed with this order:

There may be attached to said poles by Massachusetts Electric Company d/b/a NATIONAL GRID and Verizon New England Inc. such wires, cables, and fixtures as needed in their business and all of said wires and cables shall be placed at a height of not less than twenty (20) feet from the ground.

The following are the public ways or part of ways along which the poles above referred to may be erected, and the number of poles which may be erected thereon under this order:

Damon Rd. - National Grid to install (1) JO pole 9-50 on Damon Rd. beginning at a point approximately 26 feet southeast of the centerline of the intersection of River Run and Damon Rd. and continuing approximately 154 feet in an east direction.

Also, for permission to lay and maintain underground laterals, cables, and wires in the above or intersecting public ways for the purpose of making connections with such poles and buildings as each of said petitioners may desire for distributing purposes.

R-21.266 A RESOLUTION IN SUPPORT OF WORKERS OF THE HAMPSHIRE GAZETTE

WHEREAS: the *Daily Hampshire Gazette* has been an institution in our community for nearly 235 years; and

WHEREAS: the *Gazette* has tirelessly chronicled the triumphs, tragedies and history of the people of the Connecticut River Valley, keeping the public informed and proving itself invaluable in exposing injustice in Northampton and beyond; and

WHEREAS: local news is critical to a working democracy, ensuring communities have accurate information, uplifting marginalized voices, and providing crucial oversight over local governance; and

WHEREAS: Northampton's municipal government relies on the *Gazette* to communicate issues, events, projects and public notices to the public; and

WHEREAS: the *Gazette* is made by its workers and this Council appreciates how they have persevered through a global pandemic, despite losing over half their staff, to keep the Valley informed of vital information, and in the early stages of the pandemic making the important decision to provide coronavirus-related news to our community at no charge to readers; and

WHEREAS: the *Gazette's* unionized workers have been in contract negotiations with the *Gazette's* parent company, Newspapers of New England, for nearly two years; and

WHEREAS: the *Gazette's* workers deserve protections against the outsourcing of their work as well as a contract that provides for a fair wage with cost of living increases and remains intact no matter who owns the newspaper; and

WHEREAS: the *Gazette's* workers who were laid-off deserve the opportunity to be rehired if their positions return to the paper;

NOW, THEREFORE BE IT RESOLVED, that the Northampton City Council stands in solidarity with the workers of the *Daily Hampshire Gazette*, and asks Newspapers of New England to swiftly bargain a contract that improves the well-being of its workers, which will strengthen the newspaper and help it continue for years to come. We call on Newspapers of New England to invest in the *Gazette* and its workers, and to make a commitment to local ownership;

BE IT FURTHER RESOLVED that the Northampton City Council recognizes the importance of the *Daily Hampshire Gazette* to our region, and encourages our local community to support the *Gazette* to help maintain the financial viability of this critical source of local news;

BE IT FURTHER RESOLVED that the Administrative Assistant to the City Council shall send a copy of this Resolution to U.S. Senators Elizabeth Warren and Ed Markey, U.S. Representative Jim McGovern, Senator Jo Comerford, Representative Lindsay Sabadosa, Newspaper of New England President and CEO Aaron Julien, *Daily Hampshire Gazette* Publisher Shawn Palmer, Editor-in-Chief Joan Livingston and the Pioneer Valley News Guild.

In the City Council, May 6, 2021

Upon the Recommendation of: Councilor Rachel Maiore and Councilor Michael J. Quinlan, Jr

R-21.267

**A Resolution In Support of the Recommendations of the
Northampton Policing Review Commission**

WHEREAS, the Mayor and City Council of Northampton committed to “actions at the local level to combat the public health crisis of systemic racism” by creating the Northampton Policing Review Commission and charging the Commission to study these complex issues and recommend reforms to the current organizational and oversight structures, municipal funding allocations, and policies and ordinances that together can transform how the city delivers policing services while ensuring community safety equitably and justly for all, and

WHEREAS, The Northampton Policing Review Commission met that charge through dedicated work, holding three public hearings, more than 70 meetings of the full commission and sub-committees, and countless hours of research, and

WHEREAS, The Northampton Policing Review Commission’s final report underscored the importance of building a new system that reflects Northampton’s values and is designed to promote the care, health, and well-being of everyone in our community at no one’s expense.

WHEREAS, The Northampton Policing Reviewing Commission in the Reimagining Safety report states, “the Department of Community Care be established and funded in FY 2022 and fully operational in FY 2023,” and

WHEREAS, The Northampton Policing Reviewing Commission in the Reimagining Safety report states, “the Commission recommends that this department be intentionally independent from the Northampton Police Department, but open to collaboration with all City departments. Given the nature of the responsibilities we are recommending this department take on, and the recognition of racism itself as a health crisis, we advocate that the department be situated underneath the Board of Health,”

NOW, THEREFORE BE IT RESOLVED, that the Northampton City Council supports the recommendations outlined in the Final Report of the Northampton Policing Review Commission.

BE IT FURTHER RESOLVED, that the Northampton City Council commends the members of the Northampton Policing Review Commission for their effort and dedication to Northampton.

BE IT FURTHER RESOLVED, that the Northampton City Council urges the Mayor to establish a Department of Community Care in this fiscal year and fund it by at least \$882,602 with a meaningful investment that will assure viability in the FY22 Budget.

BE IT FURTHER RESOLVED, that the City Council recommends that given the nature of the responsibilities that are recommended for this department to take on, and the recognition of racism itself as a health crisis, we advocate that the department be ~~situated underneath the Board of Health~~ housed outside of the police department.

BE IT FURTHER RESOLVED, that the Administrative Assistant to the City Council shall send a copy of this Resolution to Mayor David Narkewicz, Health Director Merridith O'Leary and The Commissioners of the Northampton Policing Review Commission.

In the City Council, May 20, 2021

Upon the Recommendation of Councilor Gina-Louise Sciarra, Councilor William Dwight and Councilor Alex Jarrett

R-21.272

A RESOLUTION URGING ACTION ON AN ACT TO PREVENT WAGE THEFT, PROMOTE EMPLOYER ACCOUNTABILITY, AND ENHANCE PUBLIC ENFORCEMENT

WHEREAS, the practice known as "wage theft" harms employees, their families, and their communities; and

WHEREAS, according to the Economic Policy Institute, the amount of wage theft nationwide is estimated to be at least three times as much as all robberies, burglaries, larcenies, and motor vehicle thefts combined, yet enforcement at the federal level is less than it was in 1948 despite a workforce six times larger; and

WHEREAS, low-income, immigrant, and workers with limited English proficiency are most vulnerable to this practice; and

WHEREAS, workers, especially those in the construction and hospitality businesses, are vulnerable to and should be protected from employers, contractors, and subcontractors who engage in illegal practices such as paying in cash, failing to pay overtime, failing to make payroll deductions, not covering workers with worker's compensation or unemployment benefits, or misclassifying workers as independent contractors; and

WHEREAS, there are several practices injurious to workers and their families and the City that constitute wage theft including:

- the failure to pay a required minimum wage (MGL c. 151 § 1);
- the failure to pay overtime as required (MGL c. 151 §§ 1A, 1B);
- paying an unreasonable or oppressive wage to an employee in farming or agriculture or other occupations (MGL c. 151 §§ 2A, 7);
- the failure to pay wages timely or in full (MGL c. 149 §§ 148, 150, MGL c. 151 §§ 19, 20);
- the failure to properly classify an individual as an employee (MGL c. 149 § 148B);
- the failure of the employer to provide sick time at a minimum of one hour of earned sick time for every thirty hours worked by an employee (MGL c. 149 § 148C);
- improperly taking or requiring workers to pay any part of their tips to employers (MGL c 149 § 152A);
- a staffing agency charging prescribed fees or charging more for transportation than allowed (MGL c 140 § 159C(c) and (d));
- the failure to provide an individual with the status of employee when such status would be appropriate (MGL c 151 § 19); and

WHEREAS, in order to be protected against wage theft, employees must be fully informed about working conditions and their terms of employment, which, at the outset of employment, includes being provided with information regarding their rate of pay and whether that rate is based on hourly, shift, day week, salary, piece, or commission rate; and

WHEREAS, to be further protected against wage theft, an employee should also be informed about other employment terms, such as whether there are any allowances claimed as part of minimum wage (including meal, tip, or lodging allowances), the regular pay day, information about their employer's name, address, and phone number plus the name, address, and phone number of the employer's worker's compensation insurance carrier; and

WHEREAS, employers acting as lead contractors may employ labor contractors and labor subcontractors, all of whom must be held accountable if they engage in wage theft with any of their employees; and

WHEREAS, for the protection of workers in Massachusetts, the law must define wage theft and must provide rights and remedies for workers who have been victims of wage theft by employers; and further, that such rights and remedies should be enforceable by the Attorney General, the aggrieved individual worker, or by a whistleblower or representative organization; and

WHEREAS, employees should be protected in seeking their rights under the wages and hours laws, and should be free from employer discrimination or retaliation for asserting those rights (MGL c. 149 §148A); and

WHEREAS, in 2017 the Northampton City Council approved "An Order – Wage Compliance Certificates Required for Licenses," and Mayor David J. Narkewicz issued an "Executive Policy Order Establishing Wage Law Compliance Certification Requirements for Procurement and Contracts," and an "Executive Policy Order Establishing Wage Law Compliance Certification Requirements for Tax Increment Financing (TIF)," each of which support the City's desire to avoid doing business with vendors and/or their subcontractors who have engaged in wage theft or employment practices that violate MGL c 149 § 151, or the Fair Labor Standards Act; and

WHEREAS, H1959 / S1179, An Act To Prevent Wage Theft, Promote Employer Accountability, and Enhance Public Enforcement, which is co-sponsored by Northampton's State Senator Jo Comerford, and State Representative Lindsay Sabadosa, will codify the definition of "wage theft" within the laws of the Commonwealth, require employers to disclose terms of employment including those relating to pay, employer contact information, and worker's compensation coverage, and also provide a process for individuals, whistleblowers, the Attorney General, or the aggrieved employee to enforce violations constituting wage theft without fear of retaliation or discrimination.

NOW THEREFORE BE IT RESOLVED that the City Council of Northampton asks the State Legislature to pass with haste H1959 and S1179 to add state protection to the municipal protection for Northampton workers, and provide those protections to workers throughout the Commonwealth.

BE IT FURTHER RESOLVED that the Administrative Assistant to the City Council shall cause a copy of this resolution to be sent to Governor Charles Baker; Lead Sponsor on S.1179 Sal N. DiDomenico; Lead Sponsor on H.1959 Daniel M. Donahue; State Senator Jo Comerford; State Representative Lindsay Sabadosa, Chairs of the Joint Committee on Labor and Workforce Development State Senator Patricia D. Jehlen and State Representative Josh S. Cutler.

*CITY COUNCIL MEETING
CONDUCTED AS AN ON-LINE ZOOM MEETING
Northampton, MA*

Roll Call

A regular meeting of the City Council was called to order by Council President Gina-Louise Sciarra. At 7:50 p.m. on a roll call the following City Councilors were present:

At-Large Councilor Gina-Louise Sciarra	At-Large Councilor William H. Dwight
Ward 1 Councilor Michael J. Quinlan, Jr.	Ward 5 Councilor Alex Jarrett
Ward 2 Councilor Karen Foster	Ward 6 Councilor Marianne LaBarge
Ward 3 Councilor James B. Nash	Ward 7 Councilor Rachel Maiore
Ward 4 Councilor John Thorpe	

Announcement of Audio/Video Recording

Councilor Sciarra announced that the meeting was being held by remote participation and audio and video recorded.

**Public Hearings
Announcement of Public Hearing on 21.200 National Grid/Verizon Pole Petition for Warner Street (Petition#30293688)**

**Public Hearings
Announcement of Public Hearing on 21.200 National Grid/Verizon Pole Petition for Warner Street (Petition#30293688)**
Councilor Sciarra read the following announcement:
Per M.G.L. Ch. 166, Section 22, the Northampton City Council will hold a public hearing on **Thursday, April 15, 2021 at 7:05 p.m.** on National Grid/Verizon New England's petition to install one jointly-owned pole on Warner Street to service two new homes (Petition# 30293688). Instructions for accessing the hearing may be found on the April 15, 2021 City Council agenda to be posted on the city website (www.northamptonma.gov) at least 48 hours prior to the meeting. The City Council will hear all persons who wish to be heard thereon.

**I
Updates from Council President/ Committee Chairs**

Updates from Council President and Committee Chairs
Legislative Matters will have its regularly-scheduled meeting April 12th, Councilor Dwight reminded. Members will likely see a referral later in the meeting of another zoning ordinance for purposes of joint hearing with the Planning Board. Possible dates for a joint hearing are May 10th, May 13th and May 27th, so when they get to that agenda item, he will ask members for their preference, he shared.

Recognitions and One-Minute Announcements by Councilors

Recognitions and One-Minute Announcements by Councilors
Councilor Jarrett shared recent and upcoming events in Ward 5. The Children's Advocacy Center held a luminary event today throughout Hampshire County with over 2,000 lights representing each of the children who, as survivors of abuse, have come through the CAC house since 2006. The CAC website is www.cachampshire.org.

And, on April 8, 2021 at 7 o'clock, the David Ruggles Center is holding an online event entitled, "The Fight for Equality in Florence, the Northampton Association, David Ruggles and their Legacy Today." The association was a radical, abolitionist, utopian community, and participants will hear about how people can live those ideals today.

Lastly, Saturday, April 10th, on the Florence Civic Center lawn, the League of Women Voters of the Northampton area will have a grand opening of the "She Shapes History" exhibit which will run from April 3rd to early May in several locations in downtown Florence. The exhibit celebrates the suffragists and unsung heroes who fought for women's right to vote and also showcases the continuing battle against voter suppression. Its website is www.lwvnorthamptonarea.org

Councilor Nash let people know that the walking school bus to Bridge Street School will start up again at full capacity next week. It will have a full route with two 'drivers' walking the bus. He is getting the word out to the Bridge Street community that they can hop on the bus. The bus continues to look for volunteers. If anyone is interested, please contact the principal's office. No driver's license is necessary.

Councilor Dwight reminded listeners that on April 14th, Northampton residents will have a chance to weigh in on the continuing discussion of redesigning downtown. The discussion has been enthusiastically joined by many but there have been a number of sectors that have not been engaged. The forum is Wednesday, April 14th at 6 p.m., and a link for participation is on the Office of Planning and Sustainability (OPS) webpage. It is a once in a generation planning exercise. The redesign prefigures what the downtown will be for 100 years hence. MassDOT is prepared to commit a significant amount of money but planners need to generate consensus among community members of what it is they want and what Northampton should be.

Communications and Proclamations from the Mayor

Communications and Proclamations from the Mayor

The governor announced yesterday that Northampton was awarded a \$250,000 housing choice grant to create affordable housing on two former Northampton state hospital parcels, Mayor Narkewicz announced. A previous city council passed a home rule petition in 2015 amending the original state hospital disposition. Parcels on Laurel Street and Burts Pit Road were originally given to the housing authority for development. Since the housing authority was unable to complete the project by the deadline, the city petitioned the legislature to transfer the properties to the city to develop for affordable housing. It took several tries in the legislature, but the governor signed the bill into law at the end of the session and the transfer to the city has taken place. The grant will help pay for infrastructure needed to facilitate this. The Burts Pit Road parcels were awarded to Habitat for Humanity and Valley CDC is developing housing on the Laurel Street parcels. The grant will be significant in helping create about 25 units of new affordable housing stock in the city. He is grateful to the two organizations and legislators, particularly Representative Sabadosa and Senator Comerford for getting the bill over the finish line to the governor’s desk.

This morning, there was a small but very festive ceremony at the Unitarian Universalist Society next to City Hall. Their friend and neighbor, Irida Kakhtiranova, who’s been in sanctuary since April of 2017, celebrated her return to freedom. Her congregation and the Pioneer Valley Worker’s Center has been caring for her as she has tried to go through the legal process to avoid deportation back to Russia. Hundreds of volunteers have helped, including supporting her in starting a business. It was an amazing and very moving ceremony. Lucio Perez, who just came out of sanctuary in Amherst, actually attended. It was the first time they met each other in person. It was another incredible example of how the community has stood up for its values as a sanctuary city and embraced members of the community seeking a pathway to legal citizenship in the United States. She is no longer facing arrest and deportation by ICE.

Resolutions
21.207 Resolution Decriminalizing Controlled Substance Possession as well as Cultivation and Distribution of Psychedelic Plants – 2nd reading

Resolutions

21.207 A Resolution Decriminalizing Controlled Substance Possession as well as Cultivation and Distribution of Psychedelic Plants – 2nd reading

Councilor Dwight moved to approve the resolution in second reading. Councilor LaBarge seconded.

Councilor Maire said she just wanted to thank Bay Staters for Natural Medicine one more time.

The motion passed 8:0 by roll call vote with one abstention (Councilor Thorpe).

The following resolution passed two readings:

City of Northampton
MASSACHUSETTS

In the City Council, March 18, 2021

Upon the Recommendation of: Councilor William Dwight
Councilor Rachel Maiore

R-21.207 A RESOLUTION DECRIMINALIZING CONTROLLED SUBSTANCE POSSESSION AS WELL AS CULTIVATION AND DISTRIBUTION OF PSYCHEDELIC PLANTS

WHEREAS: "entheogenic plants," a term originally classified by anthropologists and ethnobotanists in 1979¹, are herein defined as the full spectrum of psychedelic plants, fungi, and natural materials containing indole amines, tryptamines, phenethylamines, including psilocybin mushrooms, ayahuasca, cacti, and iboga; and

WHEREAS: substance abuse, addiction, post-traumatic stress disorder (PTSD), Persistent Traumatic Stress Environment (PTSE), chronic depression, end-of-life anxiety, grief, cluster headaches, tendencies toward recidivism, and other ailments are plaguing our community and the use of entheogenic plants has been shown to be beneficial for treating these ailments via scientific and clinical studies² and within continuing traditional, religious, and indigenous practices that catalyze profound experiences of personal and spiritual growth; and

WHEREAS: the COVID-19 pandemic has led to a resurgence of heroin and opioid overdose deaths and severe depression in Massachusetts communities³, two ailments that entheogenic plants have been shown to have particularly strong utility in treating according to published, peer-reviewed medical research⁴; and

WHEREAS: the so-called War on Drugs has led to the unnecessary penalization, arrest, and incarceration of vulnerable people, particularly people of color and

¹ Carl A. P. Ruck; Jeremy Bigwood; Danny Staples; Jonathan Ott; R. Wasson Gordon (January–June 1979). "Entheogens". *Journal of Psychedelic Drugs*.

⁴ [The association of psychedelic use and opioid use disorders among illicit users in the U.S. *Journal of Psychopharmacology*.](#)

people of limited financial means, rather than prioritizing harm-reduction policies to treat drug abuse as an issue of public health; and

WHEREAS: that American cities have long possessed an inferred constitutional right to regulate commerce and public safety within their jurisdictions, a principle acknowledged by the U.S. Department of Justice Cole Memorandum that permitted states and localities to deprioritize law enforcement of cannabis charges; and

WHEREAS: organizations in Northampton such as Tapestry, ServiceNet shelter, MANNA Soup Kitchen, Hampshire HOPE, Northampton Recovery Center, Nothing But Kindness, HRH413 and others have long offered services to people struggling with substance abuse by providing resources, administering syringe exchange programs, distributing naloxone, and providing education on safer drug practices to save lives in our community, which the city council profoundly appreciates; and

WHEREAS: the City Council of Somerville (9-0) and the City Council of Cambridge (8-1) passed similar resolutions following approval of their legal departments as well as decriminalization by Oakland, Denver, Ann Arbor, Santa Cruz, Washington D.C, Oregon, and around six other countries; and

NOW, THEREFORE BE IT RESOLVED, that the City Council of Northampton hereby maintains that no City of Northampton department, agency, board, commission, officer or employee of the city, including without limitation, Northampton Police Department personnel, should use any city funds or resources to assist in the enforcement of laws imposing criminal penalties for the use and possession of entheogenic plants by individuals; and

BE IT FURTHER RESOLVED that the City Council hereby maintains that the use and possession of all controlled substances should be understood first and primarily as an issue of public health by city departments, agencies, boards, commissions, and all employees of the city; and,

BE IT FURTHER RESOLVED that the City Council hereby maintains that it should be the policy of the City of Northampton that the arrest of persons for using or possessing controlled substances shall be amongst the lowest law enforcement priority for the City of Northampton; and,

BE IT FURTHER RESOLVED that the City Council hereby maintains it should be the policy of the City of Northampton that the investigation and arrest of persons for planting, cultivating, purchasing, transporting, distributing, engaging in practices with, and/or possessing entheogenic plants listed in Classes A-E of Chapter 94C § 31

of Massachusetts law or Schedules I-V of 21 U.S.C. § 812 of the Controlled Substances Act shall be amongst the lowest law enforcement priority for the City of Northampton; and,

BE IT FURTHER RESOLVED that this resolution does not authorize or enable any of the following activities: commercial sale of entheogenic plants and fungi, possessing or distributing these materials on school grounds, driving under the influence of these materials; or public Disturbance; and,

BE IT FURTHER RESOLVED that the Northampton City Council calls upon the city’s officials work in support of decriminalizing entheogenic plants and approaching all controlled substances first and primarily through the lens of public health and restorative racial justice initiatives when representing the city in conversations with state and federal agencies as well as state and federal lawmakers; and,

BE IT FURTHER RESOLVED that the City Council calls upon the Hampshire County District Attorney to cease prosecution of persons involved in the use, possession, or distribution of entheogenic plants and the use or possession without the intent to distribute of any controlled substance; and,

BE IT FURTHER RESOLVED that the City Council expresses support for HD 3439 An Act Relative to Harm Reduction and Racial Justice, which would replace criminal penalties for controlled substance possession with the choice of a \$50 civil fine or a health and wellness screening to refer the person with economic and health services; and,

BE IT FURTHER RESOLVED that the City Council expresses support for HD 3829 An Act Establishing Task Force to Study Equitable Access to Entheogenic Plants, which will convene 21 experts in science, drug policy, economic and racial justice, and state government to recommend legislation to legalize entheogenic plants as well as expunge records and create equity initiatives for victims of the entire war on drugs. This task force requires the study to be done through the lens of racial justice, sustainability, and consideration for BIPOC, veterans, and people with disabilities; and,

BE IT FURTHER RESOLVED that the Administrative Assistant to the City Council shall send a copy of this Resolution to Representative Lindsay Sabadosa and Senator Jo Comerford, Governor Charles Baker, Attorney General Maura Healey, Hampshire District Attorney David E. Sullivan, Northampton Police Chief Jody Kasper, Secretary of Veterans’ Services Cheryl Lussier Poppe and the Board of Registration of Allied Mental Health and Human Services Professions.

21.208 Resolution to Adopt the Capital Improvement Program for FY2022-FY2026 Submitted to City Council on February 24, 2021 – 2nd reading

21.208 A Resolution to Adopt the Capital Improvement Program for FY2022-FY2026 Submitted to City Council on February 24, 2021 – 2nd reading

Councilor Quinlan moved to approve the resolution in second reading. Councilor Dwight seconded.

Councilor Foster said she couldn’t remember what the \$6 million for the radios was for.

It is a multi-year project to upgrade the communication system across all city departments, including Fire/Rescue, Police, Dispatch, DPW and the schools, Mayor Narkewicz reminded. The city currently uses a hodge podge of different channels, equipment and towers. They have been doing a multi-year study to try to modernize the system and eliminate some of the gaps in the network, particularly in some of the schools and other buildings. (There is sometimes no cell service at JFK Middle School, he noted.) The intention was to look at a city-wide solution to allow all departments to communicate, so it is a pretty significant project. A borrowing authorization is proposed for the full amount but they will borrow the money over two years. The CIP includes a detailed project description.

The motion passed unanimously 9:0 by roll call vote.

The following resolution passed two readings:

Upon the Recommendation of Councilor Marianne LaBarge, Councilor Gina-Louise Sciarra, and Councilor Michael Quinlan

R-20.208 A Resolution Expressing Gratitude to Mayor Narkewicz, Northampton Health Director Merridith O'Leary, the Northampton Health Department, Northampton Fire Rescue, Department of Central Services, Information Technology Services and the Many Volunteers for Their Efforts to Vaccinate Our Community

WHEREAS, Northampton Health Director Merridith O'Leary and Fire Chief Jon Davine appeared before the City Council Committee on City Services on March 4, 2020 and described efforts underway by Northampton's Emergency Management Team at that time to prepare to combat the COVID-19 pandemic in Northampton, and

WHEREAS, Northampton had its first positive COVID-19 case on March 16, 2020 and since that time more than 1150 Northampton residents have contracted COVID-19, and

WHEREAS, Northampton has lost 43 people to the pandemic, including our five residents who died at the Holyoke Soldier's Home, and

WHEREAS, Mayor David J. Narkewicz and Health Director Merridith O'Leary following Commonwealth of Massachusetts guidelines, designed and advocated for a vaccination site at our Senior Center which opened and began vaccinating our community on January 11, 2021, and

WHEREAS, when vaccination clinic requirements were changed by the state in February 2021, cutting supply to many municipal clinics, Mayor Narkewicz and Health Director O'Leary quickly worked to meet the new requirements and with collaboration with the Town of Amherst, Northampton was approved as a regional vaccination clinic, ensuring that our clinic would stay in operation to provide vaccines for Northampton and other Massachusetts residents, and

WHEREAS, vaccinating our community will provide immunity and therefore save lives by preventing the further spread of COVID-19, and

WHEREAS, Health Director Merridith O'Leary, Public Health Nurse Kate Kelly, Public Health Nurse Vivian Franklin, Inspector Amy Hutchins, Inspector Jasmine Ward, COVID Compliance Agents Ben O'Connor and Kelly Constantine and 10-12 Health

Ambassadors have been working countless hours, seven days per week to operate an effective and safe vaccination clinic in Northampton, and

WHEREAS, Volunteer Coordinator and Operations Manager Loren Davine and an estimated 40 volunteers per day have worked in support of the vaccination clinic, and

WHEREAS, Fire Chief Jon Davine, Deputy EMS Chief John Garriepy, and an additional seven or so members of Northampton Fire Rescue per day have worked at the vaccination clinic, with assistance from the Easthampton Fire Department and Highland Ambulance Service, including joining the volunteer corps on days off, and

WHEREAS, Northampton’s Central Services Department led by Director David Pomerantz and with special recognition of City Maintenance Foreman Warren Jones, has been vital to the success of the clinic by opening and closing the Senior Center, and taking on many additional tasks for its operation, and

WHEREAS, the Northampton Information Technology Services Department led by Director Antonio Pagán has provided support to the Health Department at all hours of the day throughout the pandemic, and

WHEREAS, the Northampton Senior Center, led by Director Marie Westburg has been of great support and cooperation in creating an effective and safe vaccination clinic at the Senior Center, and

WHEREAS, the dedication, effort and outstanding public service of these many people is contributing to the recovery and safety of our community.

THEREFORE BE IT RESOLVED, that the Northampton City Council commends these many people for their tremendous efforts throughout the Covid-19 pandemic and in special recognition of their work to operate a safe and effective COVID-19 vaccination clinic in Northampton.

BE IT FURTHER RESOLVED, that the Administrative Assistant to the City Council will cause a copy of this resolution to be sent to the following Northampton departments: Office of the Mayor, the Health Department, Northampton Fire Rescue, Central Services, Information Technology Services, and the Senior Center with our collective gratitude.

Passed two readings and enrolled.

21.231 Resolution
Declaring a
Climate
Emergency

21.231 A Resolution Declaring a Climate Emergency – 1st reading

Councilor Sciarra read,

Councilor Dwight moved to approve the resolution in first reading. Councilor Jarrett seconded.

When the extinction rebellion group approached her with the request for a resolution to declare a climate emergency, she was enthusiastic, Councilor Foster confirmed. They talked about the timing and the context for it given how much Northampton has already done around climate. The resolution for a Green New Deal included language referring to it as a climate emergency and it felt like standing boldly to declare it a climate emergency was important to do. Earth day is coming up April 22nd. The paragraph that really stood out to her is the one calling on city government, staff, civic groups, businesses and residents to continue to commit to carbon neutrality and climate initiatives because “it’s all of us; we all have a role here.”

They did write this prior to the Massachusetts act creating a next generation road map for Massachusetts, which is fantastic and has 2050 as a goal. The city has said that with additional state and federal resources it could aim for carbon neutrality by 2030 but that, with the current landscape, they don’t have the resources to aim for 2030. She thinks it’s important to name that sooner is better, although official state policy is looking at 2050.

As a city, they have made considerable progress on this issue, but they are moving nowhere near fast enough, Councilor Jarrett asserted. He cited the Climate Resilience and Regeneration Plan, stretch code and land use regulations supporting walking, biking and public transport as

testaments to that investment in energy efficiency. They need to bring the issue to the forefront again and again. Justice and climate work together. "I don't think we can solve one without the other." City officials have made a commitment to city buildings being carbon neutral by 2050, which is fabulous. He looks forward to figuring out how to get the rest of the city there and to consider how much of the scope comes from services and products they import from far away.

He mentioned a small scrivener's error in the last paragraph (the word 'vice-chairs' missing a hyphen).

Councilor Maiore thanked her cosponsors. What they are doing with this resolution is acknowledging the need to act now and offering political commitment, which sometimes is the hardest part. It is really a call for a shift in mindset for residents, businesses and municipal bodies. She hopes it will act as a guidepost that they can carry with them in decision-making at every level. Successful climate action necessitates the engagement and collaboration of all stake holders.

Councilor Foster corrected that 20 cities and towns in Massachusetts have declared climate emergencies (as opposed to 200 as misstated).

Councilor LaBarge thanked sponsors. This is a definite emergency and they need to move very quickly on it, she agreed. The city has been working very tirelessly on helping them by making many changes within the departments - Central Services right down the line. She thanked David Pomerantz and others for working to help them. She will support this. It's in dire need.

Councilor Sciarra added her thanks to sponsors and echoed Councilor LaBarge's thanks to city departments who do work very hard to achieve these goals. She fully agrees they must reach farther and faster to reach carbon neutrality by 2030 instead of 2050 and it's really something that will take work from every group and every constituency. It pertains to all of them; there is no one for whom this issue is not important or doesn't affect their lives.

The motion passed unanimously 9:0 by roll call vote.

See minutes of April 15, 2021 for second reading.

21.233 Resolution to Revise Council Rules and Committees – 1st reading

21.233 A Resolution to Revise Council Rules and Committees – 1st reading

Councilor Sciarra read the resolution.

Councilor Dwight moved to approve the resolution in first reading. Councilor Nash seconded.

Councilor Dwight referred to the 'wheezy technology' being used to conduct the meeting and the fact that, a year ago, this congregation would be illegal under state law. That has since changed. It has presented new challenges and new opportunities that were never considered under their rules and it is appropriate for them to reconsider them.

The fact is, this type of participation will continue to be allowed and, for many, it will be their only choice. It expands opportunities for people to serve representative government where they might not otherwise have been able to. It is necessary and appropriate to try to anticipate what's coming, address what's here and realign their rules principally to advance and promote transparency in local government and promote fair and equitable access so that people may participate in a process that's fair and open but also efficient. Some of the challenges they have experienced need to be addressed as well and should be covered under their rules. He has a sneaking suspicion that he may be tagged for the committee. He looks forward to having this conversation with other councilors. The Council President may consider other folks; he heard Ezekiel Baskin expressing his hopes for more opportunity for dialogue between councilors and the public. They will also review committees to see if they are doing the best they can or if there is a need to expand or modify committees. Whatever rules are generated out of this eventually he probably is never going to have to abide by.

Councilor Nash said he agrees with everything Councilor Dwight just shared. They are in a new world and really should evaluate how they're doing their meetings; what's worked and what's not working, and take advantage of living in this time and using this technology. He thinks it has been a boon for a lot of people to be able to zoom into meetings.

Councilor Foster thanked Councilor Dwight for bringing this forward. The need for these changes has been on her mind for a while. She thinks it's clear this is the time to step back and evaluate where they are and where they're heading. Just over a year ago, she and Councilor Maiore were exploring the possibilities for allowing remote participation for public comment and now here they are. She has seen a cross-section of people participating that would not have been able to get to council chambers at 7 o'clock on a Thursday. Also, as a parent with young children, there have been times when she would not have been able to be here. She would like to participate in this committee.

Councilor Jarrett commented that this is very exciting and interesting. He definitely studied the rules in great detail as a new councilor and noticed what's out of date. He is very excited to get back in person with fellow councilors and constituents. He thinks it leads to so much more personal connection and a sense of each other that's been missing. He thinks not being in person has led to some of the division and factionalism they have had over the past year. He is also interested in continuing remote participation as an option. He is in definitely support.

He asked if a separate resolution would be needed to actually create the select committee.

The intention of the resolution is to create a select committee without specifically saying so, Councilor Dwight advised. They could add another "Now Therefore Be It Resolved" clause to make it more explicit. It is a request of the Council President to assemble such a committee.

Councilor Jarrett thanked him for the clarification and suggested making that language clear for second reading.

Councilor LaBarge said she agrees with Councilor Dwight that it is definitely a time for change. She sees the dire need of adding on new committees. She said she is very interested and expressed interest in serving on the committee.

Councilor Quinlan also thanked Councilor Dwight for bringing this forward. He makes great points about the modernization alone. He is particularly interested in discussing his thoughts about meeting times and places. Everyone has talked about increased participation through remote participation but he also thinks making meetings accessible through different times and locations would also be great.

This got her thinking about, maybe not expanding committees, but looking at the missions of current committees, Councilor Maiore volunteered. She sees ordinance review and public safety work as really being ongoing and thinks maybe there's a way to change committees so they address those in an ongoing way.

Councilor Nash said he would happily serve.

Councilor Dwight stressed that formation of the select committee doesn't disqualify other councilors from participating and sharing ideas. The recommendations will have the opportunity to be discussed and debated and amended on the floor. No one is disqualified.

"This is something that will be discussed by all of us so we will all participate in this discussion," Councilor Sciarra confirmed. She thanked Councilor Dwight for bringing this forward in this way because often how rule changes happen is a councilor goes off and drafts changes and then presents them. She is a collaborative person and so likes a collaborative process.

The rules say the resolution shall specify the composition and scope of the select committee, Councilor Jarrett noted. He asked if the resolution will be amended to actually create the select committee.

Councilor Dwight said it was his thought that, as the appointing authority, the Council President would be able to dictate the scope and composition of the group. He thought it was better to leave it open. He would ask the Council President to think about it for second reading and come up with some ideas.

Councilor Sciarra said she would be happy to have an amendment ready for second reading that includes the committee's composition.

Financial Orders (in 2nd reading)

21.205 An Order to Establish Water and Sewer Rates for FY2022 – 2nd reading

Councilor Dwight moved to approve the order in second reading. Councilor LaBarge seconded. The order passed unanimously 9:0 by roll call vote.

The following order passed two readings:

City of Northampton

MASSACHUSETTS

In City Council, March 2, 2021

Upon recommendation of the Mayor

21.205 AN ORDER

TO ESTABLISH WATER AND SEWER RATES FOR FY2022

Ordered, that:

Effective July 1, 2021, the per 100 cubic foot (CCF) rates for water and sewer for Fiscal Year 2022 will remain unchanged from Fiscal Year 2021. Rates will remain as follows:

WATER

Customers with 1” meter or smaller

Tier 1 consumption: 0 – 16 CCF \$4.51 per CCF

Tier 2 consumption: >16 CCF \$6.09 per CCF

Customers with meter larger than 1”

All consumption \$5.99 per CCF

SEWER

Non-metered

\$7.86 per CCF based on 80% of metered water consumption

Metered

\$7.86 per CCF

Passed two readings and enrolled.

ORDINANCES
20.181 Ordinance
Relative to
Affordable
Housing (350-6-12)
- 1st reading

ORDINANCES

20.181 An Ordinance Relative to Affordable Housing (350-6-12) - 1st reading

Councilor Sciarra read the ordinance.

Councilor Dwight moved to approve the ordinance in first reading. Councilor LaBarge seconded

Office of Planning and Sustainability (OPS) Assistant Director Carolyn Misch presented. At the last meeting, she went through the whole framework of housing proposals the mayor has sponsored over the last several months to try to address housing needs in the city, Ms. Misch reminded. This is one of the pieces of that package to address some of the burdens mostly encountered by the nonprofit sector in the region in trying to provide subsidized affordable housing. Currently, it is necessary to go through the state eligibility process before it is even possible to come before the Zoning Board, which can take months. Under M.G.L. Chapter 40B, there is essentially a waiver process from zoning for the purpose of providing affordable

housing. The language in front of them creates a parallel process at the local level and removes some of the burden affordable housing developers face in first having to go to the state for approval before coming back to local cities and towns. The intent is to streamline the process for developers of affordable housing. The ordinance lays out very specific waiver standards that aren't already established under Ch. 40B. It is just another tool for entities like Habitat or Valley CDC to use as one path for permitting affordable housing in the city, she suggested.

Chapter 40B is a state enabling law that essentially allows a developer to come into a community and bypass a lot of the strict zoning if that community does not meet a certain threshold of affordability, Councilor Dwight explained. The fact is that Northampton meets and exceeds that threshold, which is actually the baseline of affordability. This is a community expressing itself and saying it is actually inviting affordable housing developers into the community. "We are actually enabling with some carrots and a streamlined process that you are welcome to consider developing affordable projects here," he elaborated. The two developers Ms. Misch cited have been considerably good to this community. That said, they have met with considerable resistance for some projects which typically comes from neighbors and abutters. "You'll find lots of buy in from the community agreeing wholeheartedly that we should whatever we can to promote and expand affordable housing until someone starts staking out a project in their neighborhood," he observed.

It is incumbent on us to walk the talk. If we subscribe to the notion that diversity strengthens and enhances a community than we had better be willing to promote opportunities for that to occur. It is part of a comprehensive package. Offering more attainable housing reduces pressure on existing affordable units.

There will be projects proposed under this arrangement which will meet with community resistance, he advised. But if they're going to talk about embedding climate resiliency, equity and social equity in decisions and providing opportunities for communities that have run into barriers, if they want those principles to inform everything they discuss and to be real on the ground, then this is a perfect assembly of proposals and this in particular is the one that appeals to him the most, he shared.

The state threshold for affordable housing is 10%, below which a developer can propose a 40B project which would request a waiver of any number of the local community's zoning regulations, Ms. Misch continued. If the ZBA didn't grant the permit, there would be an appeal process which bypasses the local community and goes straight to the state for review. Many communities fear dropping below that 10% because they would be potentially subject to projects completely out of scale with the community. Northampton is just over 12%, so they haven't been subject to the 'threat' of an outsized large-scale developer coming in and building these units. Because they know 10, 11 or 12% isn't enough to meet community needs, they have consistently worked with Valley CDC and Habitat on projects they might not be able to do with underlying zoning but could with waivers through the 40B process. They refer to that as a friendly 40B, and they have had a number of these projects approved.

Coming out of Community Resources there was a recommendation to clarify the language about getting these units counted on the state's inventory of affordable housing, she shared. Planners would like to amend the language of paragraph A (3) to say that, "Prior to obtaining a building permit, the applicant shall obtain a) DHCD approval as a Local Initiative Program (LIP) unit, so that all affordable units created under this section can be listed by DHCD on their Subsidized Housing Inventory or b) show evidence of other Commonwealth funding that requires these units to be counted on the DHCD subsidized housing inventory."

The state tracks these units so it's known across the Commonwealth what percentage a community is meeting. It is important that anytime a community creates units that will be permanently protected as affordable housing that they get counted on this state inventory.

Councilor Dwight moved an amendment under A (3) that the clause Ms. Misch listed as b be included as an amendment. Councilor Thorpe seconded.

Ms. Misch also proposed an amendment to strike the word 'wood' from the list of fossil fuels in sentence A (2) above.

Councilor Dwight agreed to accept this as a friendly amendment to this motion. The motion to amend passed unanimously 9:0 by roll call vote.

The motion to approve the ordinance as amended passed unanimously 9:0 by roll call vote.

See Minutes of April 15, 2021 for second reading.

21.189 Ordinance to Create an Incentive for Smaller Houses by Allowing Two Half-Scale Units to Count as a Single-Family for Density Purposes - 1st reading

21.189 An Ordinance to Create an Incentive for Smaller Houses by Allowing Two Half-Scale Units to Count as a Single-Family for Density Purposes - 1st reading

Councilor Sciarra read the ordinance.

Councilor Dwight moved to approve the ordinance in first reading. Councilor LaBarge seconded.

The idea of introducing an incentive for smaller units for rental or ownership units is to try to encourage filling that gap in housing, Ms. Misch presented. Over the years, planners have heard people say there aren't options for people who don't need so much space. It is a more cost-attainable, cost-effective way for people to be able to get into the housing market. The way zoning is set up based on the allowance of units per lot size, there is a built-in incentive for large units. If developers are only allowed to build four units on a property, they are going to maximize the size of the units up to the limits of the open space and setback constraints on the property. This provides a mechanism to encourage smaller units without being penalized since it basically allows two smaller units to count for one regularly-sized unit.

The 800 square feet comes from talking to a few different people and also happened to be the original size allotted when the city first adopted Accessory Dwelling Units (ADU's) 25 years ago. It doesn't change the parking requirement. Zoning requires one space per 1,000 s.f. of living area so anything over 1,000 s.f. automatically requires two parking spaces. Single-family homes require two parking spaces and here, a property owner is essentially getting two units and is still required to provide two spaces. The ordinance specifies it would be applicable in areas where they currently allow single-family, multi-family homes and the special permit threshold of more than 7 units, i.e. - Urban Residential B (URB) and Urban Residential C (URC).

It is worth noting that anyone of them has heard from a number of people in the community about the 'tiny house' movement, Councilor Dwight volunteered. This does not qualify as 'tiny house' size, but the fact is, it is the next best thing. The two items they are voting on tonight are the more affordable dimensions of the package. As a forewarning, it will generate resistance; he guarantees it. The challenge is to hear the pain being described by people who oppose these things but to realize they are also devoted to the very right and moral principles of expanding options of affordability in their community.

Councilor LaBarge echoed everything Councilor Dwight stated. She will fight for what she believes in, and she believes in affordable housing. She got a phone call today a from resident who does not want anybody moving into their city, does not want affordable housing, does not want two-families, does not want anybody moving into a neighborhood, period. This is what she deals with out there in Ward 6. Councilor Dwight has been with her in some really nasty, nasty situations. I stand strong on that, she stressed. She said she hates to see Councilor Dwight leave because he's always been there helping her, "because this is not an easy ward at all."

"You better be strong and you better fight for it, because you are going to get resistance," she agreed.

Councilor Nash thanked Aidan O'Donoghue for his wonderful tour of his personal little house. It's great, and the fact that he's so pleased with it convinces him, he shared.

Councilor Sciarra said she thinks this is great. By definition, it will be more attainable than a single-family house on a lot.

The motion passed unanimously 9:0 by roll call vote.

See minutes of April 15, 2021 for second reading.

<p><u>21.212 An Order to Set Preliminary Municipal Election Date – 2nd reading</u></p>	<p><u>21.212 An Order to Set Preliminary Municipal Election Date – 2nd reading</u> Councilor Dwight moved to approve the order in second reading. <p><u>Ordinances (Not Yet Referred)</u></p>	<p><u>Ordinances (Not Yet Referred)</u> <u>21.213 An Ordinance Relative to Parking on Pine Street</u> <u>21.214 An Ordinance Relative to Stop Signs on Maple Street, Mann Terrace and Pine Street</u> <u>21.215 An Ordinance Relative to Turning Restriction on Mann Terrace</u> <u>21.216 An Ordinance Relative to One-Way Street on Mann Terrace</u> Councilor LaBarge moved to refer 21.213, 21.214, 21.215 and 21.216 as a group to Legislative Matters. Councilor Dwight seconded. The motion passed unanimously 9:0 by roll call vote.</p>
<p><u>Zoning Ordinances (Not Yet Referred)</u></p>	<p><u>Zoning Ordinances (Not Yet Referred)</u> <u>21.217 An Ordinance to Move Zero Lot Line from Section 10.14 to Section 6.13</u> <u>21.218 An Ordinance to Amend Zero Lot Line Section of Code</u> Councilor Dwight moved for both ordinances to be referred for a joint public hearing by Legislative Matters and the Planning Board. Councilor Foster seconded.</p> <p>Councilor Maire said there has been some discussion about whether these zoning ordinances should also be referred to Community Resources since there has been a lot of community discussion and concern around them.</p> <p>Councilor Nash agreed. He said he would like to see these go to Community Resources (CR) since there's been a lot of discussion of the zero lot line portion of zoning throughout the discussions with Bay State folks. He is also interested in having a discussion of the full council when meeting with the Planning Board. He personally would like to be part of discussions with the Planning Board when they are vetting zoning matters.</p> <p>Councilor Dwight said he respectfully disagrees. If the councilor is interested, he can certainly</p>

convene his committee, he acknowledged. There is a hearing open to the entire public which includes councilors, although he would caution them against participating in anything that could be considered deliberative, he pointed out. He for one does not want to be deliberating [as a full council] in the process of a subcommittee review. It is certainly the right of CR to ask for a referral and to conduct their meeting as they see fit. He has a problem with a public hearing involving a subcommittee where councilors are able to participate once the hearing is closed while the rest of the public cannot. There will be multiple opportunities for councilors to weigh in during the hearing and during the debate in the council. In the interests of maintaining a well-functioning meeting, he prefers to basically stay constrained under the guidelines he lays out as the presiding officer of Legislative Matters (LM).

It is certainly within Councilor Nash's right to ask the chair of the Planning Board if he sees it differently, he allowed.

He is not asking Legislative Matters to open up the floor to include other councilors, Councilor Nash clarified. He is asking for the full council to have the public hearing with the Planning Board around this zoning matter. For him, it is really helpful to have the discussion with Planning Board members. At a recent joint meeting, he really wanted to engage in the discussion with the Planning Board and thinks it is appropriate for the entire council to be able to participate, he explained.

Councilor Dwight said he had listed his objections and they stand.

Councilor Jarrett asked if the objection had to do with the quasi-judicial nature of the deliberation at that point.

Engaging and deliberating are two different things, Councilor Dwight noted. They could convene as a full council with the Planning Board but that's an animal of a different nature. He has discussed this with Councilor Nash in the past and believes it will come up in the context of their rules discussion. Essentially it is an adjudication, he asserted. They are adjudicating and creating a law and in that respect he thinks they should be assiduous in following the best practices and guidelines.

If the council's preference is to convene as an entire council with the Planning Board than the question of referral to a subcommittee is moot, he proposed. It wouldn't be fair to the public to have two public hearings on the same item. This is the opportunity for the public to share their thoughts. It is less the opportunity for the council to do so since they have multiple other opportunities.

Just to clarify, even if the full council were to hold the public hearing, it would still need to go to LM, Councilor Sciarra averred.

Councilor Nash said he doesn't view it as an opportunity for him to voice his ideas but rather for him to hear the thoughts of the Planning Board. He really values hearing the Planning Board's opinions and being part of that discussion. For himself, he would like to be part of that and he suspects some other councilors might like to as well.

It would honor the committee hearing process to have the joint hearing held by the full council, he maintained.

Councilor Jarrett asked if they could have an LM meeting immediately after the full council meeting. Councilor Dwight said yes.

In that case he would be willing not to have a Community Resource process, Councilor Nash said.

Councilor Foster said her understanding is that it is posted as a full council meeting.

Councilor Dwight said that was done in response to the state's recommendation that it be posted as a full council meeting to avoid the possibility of violating the Open Meeting Law (OML) by the presence of a quorum of councilors.

"I believe that subcommittees should function as subcommittees," he commented.

Members discussed at some length.

Councilor Sciarra noted that the Finance Committee convenes during the full council meeting, but Councilor Dwight said that was a holdover from the old charter.

Councilor Jarrett noted that there is a level of efficiency in combining the meetings of LM and CR since all but two councilors (Councilors LaBarge and Quinlan) are on one of the two committees. He would like to hear how the council would feel about having a joint meeting of the full council and Planning Board immediately followed by a meeting of LM.

If convened as a full council, the council president would preside, so he would defer to her, Councilor Dwight pointed out.

Councilor Dwight clarified that the motion on the floor is to refer the ordinances to the Planning Board and LM for a joint hearing of the Planning Board/LM and to refer them to CR.

Councilor Jarrett said he spoke to the Tree Warden and he would like it referred to the Urban Forestry Commission (UFC) as well.

Councilor Dwight said he was willing to bundle this with his motion.

Councilor Foster expressed her understanding that the motion on the floor would result in Councilor Dwight's preference of hosting the Planning Board/LM hearing with other councilors able to participate as members of the public but not as deliberators.

If the motion fails, he and Councilor Nash will sponsor a motion for it to go to a joint public hearing of the Planning Board and full council, Councilor Jarrett advised.

Councilor Sciarra called the motion to a vote, and it carried 6:3 with Councilor Jarrett, Councilor Foster and Councilor Nash opposed.

Members discussed possible dates for a joint hearing and decided to tentatively schedule it for May 10th.

City of Northampton

MASSACHUSETTS

In City Council, May 20, 2021

Upon the recommendation of Mayor David J. Narkewicz, Planning & Sustainability, and the Conservation Commission

21.271 An Order to Authorize Conservation Commission to Acquire Massachusetts Audubon Society Conservation Restriction

WHEREAS, the *Open Space, Recreation, and Multi-Use Trail Plan: 2018-2025* recommends preservation of ecologically valuable land and filling gaps between protected lands within the Connecticut River Greenway; and

WHEREAS, the Massachusetts Audubon Society has an agreement to purchase 16.5 acres in the Meadows, adjoining land already permanently protected as part of Arcadia Wildlife Sanctuary; and

WHEREAS, in exchange for \$2,000 contribution to the purchase price, to be provided from the Community Preservation Act Conservation Fund already on-hand, the Massachusetts Audubon Society will grant the City a conservation restriction on the property; and

WHEREAS, the project will advance the City's partnership with MassAudubon to provide public access in the Meadows, create and maintain grassland bird habitat and protect ecologically valuable floodplain forest;

Ordered, that

The Conservation Commission is authorized to acquire for conservation and passive recreation purposes, as provided by MGL Chapter 40, §8C, any fee, easement or conservation restriction as defined in MGL Chapter 184, §31 or any other interest in the above land and any immediately adjoining land; that the City Council hereby accepts such conservation restrictions; that the Conservation Commission is authorized to accept conservation restrictions on any land so acquired, with such related restrictions and agreements as the City determines are agreeable.

City of Northampton

MASSACHUSETTS

In City Council, May 6, 2021

Upon the recommendation of Mayor David J. Narkewicz

**O-21.265 AN ORDER AUTHORIZING ACQUISITION AND
ESTABLISHMENT OF A MUNICIPAL LIGHT PLANT**

WHEREAS, the Mayor and City Council approved a two-phase market study and comprehensive feasibility study of municipal broadband as part of the FY2020-FY2024 Capital Improvement Program; and

WHEREAS, the City of Northampton awarded a contract for the aforementioned two-phase study to Design Nine, Inc. which has completed a market study, the overwhelmingly positive results of which dictate moving forward with the comprehensive feasibility study; and

WHEREAS, if based on the results of both studies the City of Northampton decides to implement municipal broadband, the city would be required to establish a Municipal Light Plant in accordance with M.G.L. c. 164, § 35; and

WHEREAS, establishment of a Municipal Light Plan under section 35 first requires two separate approval votes of the City Council by a two-thirds majority in two separate fiscal years; and

WHEREAS, the City Council approved the establishment of a Municipal Light Plan in fiscal year 2020 on June 18, 2020; and

WHEREAS, in the interest of not unnecessarily delaying a future potential municipal broadband project, it would be prudent to complete the second required approval vote in fiscal year 2021 ending June 30, 2021.

NOW, THEREFORE, be it ordered, the City Council authorizes in accordance with the provisions of Chapter 164 of the General Laws and in accordance with the rules, regulations and orders of the Department of Public Utilities and the Department of Telecommunications & Cable, a municipal lighting plant for all purposes allowable under the laws of the Commonwealth, and more particularly for the establishment a municipal broadband system for the City of Northampton. The Mayor is hereby authorized to execute any documents necessary to effectuate this Order.

21.217 AN ORDINANCE TO MOVE ZERO LOT LINE FROM SECTION 10.14 TO SECTION 6.13

An Ordinance of the City of Northampton, Massachusetts, providing that the Code of Ordinances, City of Northampton, Massachusetts, be amended to refer Zero Lot Line projects to a new subsection 6.13

Be it ordained by the City Council of the City of Northampton, in City Council assembled, as follows:

Amend Chapter 350 Attachment 7 & 8

Zero lot line single-family; see § 350-~~10.14~~6.13

Anywhere else in Chapter 350, Replace Zero Lot Line 10.14 to §6.13.

City of Northampton

MASSACHUSETTS

In the Year Two Thousand Twenty One

Upon the Recommendation of Mayor David J. Narkewicz and Planning & Sustainability

21.218 AN ORDINANCE TO AMEND ZERO LOT LINE SECTION OF CODE

An Ordinance of the City of Northampton, Massachusetts, providing that the Code of Ordinances, City of Northampton, Massachusetts, be amended to alter the requirements of Zero Lot Line projects in order to maintain more consistent setbacks within neighborhoods.

Be it ordained by the City Council of the City of Northampton, in City Council assembled, as follows:

Move subsection 10.14 to a new Subsection in Chapter 350-6 and amend as shown

§ 350-~~10.146.13~~**Zero lot line (ZLL) developments.**

Zero lot line (ZLL) developments are developments, or portions of developments, where house lots have a ~~minimum~~ side yard setback of zero feet on one side (the "zero lot line"), while the opposite side meets the standard side yard setback of the district (the "standard setback"), if the following standards are met:

~~A. If a garage or other parking structure is built, it must be set back at least twice the normal front yard setback, or the garage/structure must cover no more than 25% of the front facade of the principal structure; and~~

~~B.A.~~ The zero lot line side of a house lot must:

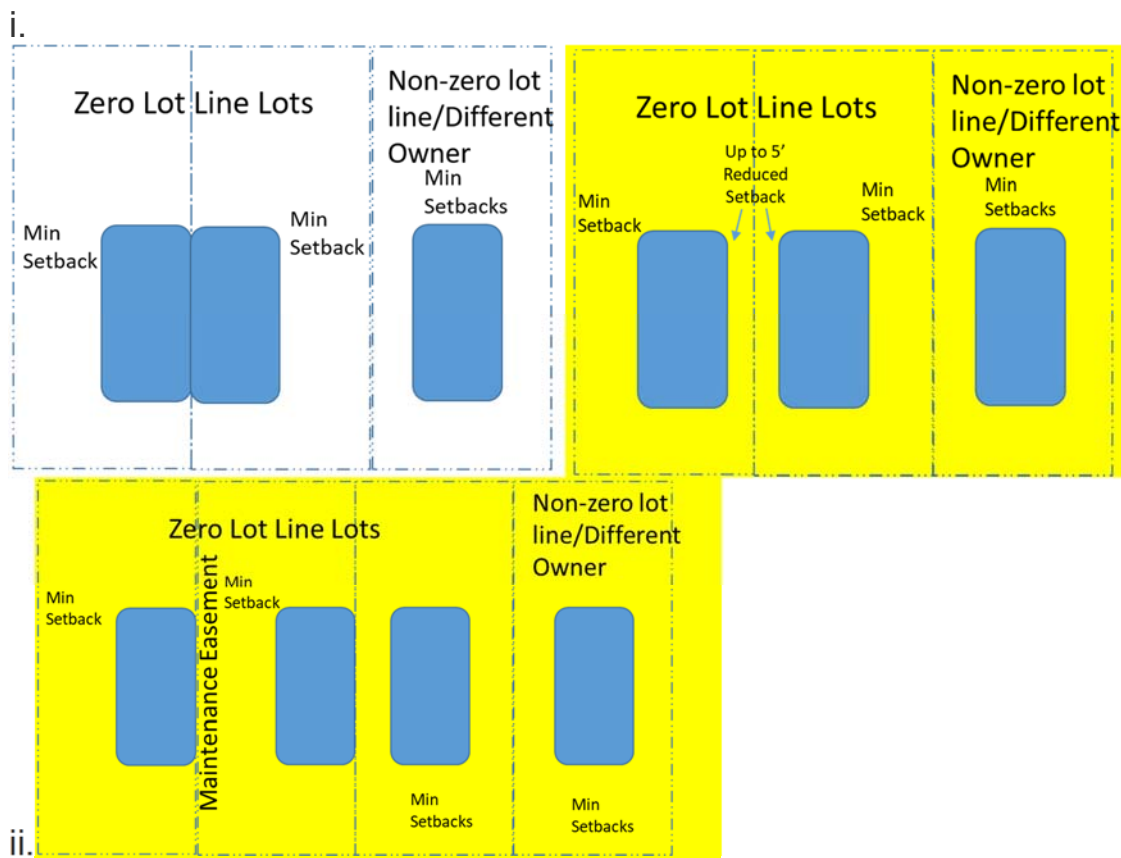

- 1) Abut permanently protected open space where the owner can show a maintenance easement, as defined below, will be granted; or

2) Abut the lot line of a lot which is under ~~the control of the same property owner~~ common ownership at the time the zero lot line development is proposed and

i. shares a party wall with the abutting structure on the separate parcel commonly-owned lot OR has a reduced side setback reduction from the standard setback of up to 5' from the standard setback.

i.ii. Abuts the typical standard setback area of an adjoining zero lot line lot under the same common ownership. However the last such lot in a series as described under the same ownership shall have 2x the typical standard setback for both side lots the standard.;

C-B. A five-foot maintenance easement must be granted to obtained by the owner of a house on a zero lot line by from the abutting property owner abutting the zero lot line in any development pursuant to in-A(1) or A(2)(ii) above to allow normal maintenance. Said easement may allow a roof overhang of up to two feet and may allow roof drainage to sheet flow into onto the easement area and sheet flow across the abutting property in.

addition, private covenants may be required to insure proper maintenance of the house abutting the zero lot line; and

C. There shall be a minimum of four shade trees of not less than 2.51.5 inches' caliper planted or maintained on each lot in accordance with the City's Tree List & Planting Guidelines, including two along the street frontage. (See also § 350-6.5D.)

D. Only one principal structure per lot is allowed in a zero lot line development.

E. Any detached accessory structure on the lot must meet the minimum standard setbacks for such structures.

(AJ revisions in orange; diagrams with a black line through them are proposed to be removed)

City of Northampton

MASSACHUSETTS

In the Year Two Thousand Twenty One

Upon the Recommendation of Mayor David J. Narkewicz and Planning & Sustainability

21.218 AN ORDINANCE TO AMEND ZERO LOT LINE SECTION OF CODE

An Ordinance of the City of Northampton, Massachusetts, providing that the Code of Ordinances, City of Northampton, Massachusetts, be amended to alter the requirements of Zero Lot Line projects in order to maintain more consistent setbacks within neighborhoods.

Be it ordained by the City Council of the City of Northampton, in City Council assembled, as follows: Move

subsection 10.14 to a new Subsection in Chapter 350-6 and amend as shown

§ 350-~~10.14~~6.13 ~~ZeroReduced~~ lot line (~~ZR~~ZRLL) developments.

~~ZeroReduced~~ lot line (~~ZR~~ZRLL) developments are developments, or portions of developments, where house lots have a ~~minimum~~ side yard setback of zero ~~or more~~ feet on one side (the "~~zeroreduced~~ lot line"), while the opposite side meets the standard side yard setback of the district (the "standard setback"), if the following standards are met:

~~A. If a garage or other parking structure is built, it must be set back at least twice the normal front yard setback, or the garage/structure must cover no more than 25% of the front facade of the principal structure; and~~

~~B.A.~~ The ~~zeroreduced~~ lot line side of a house lot must:

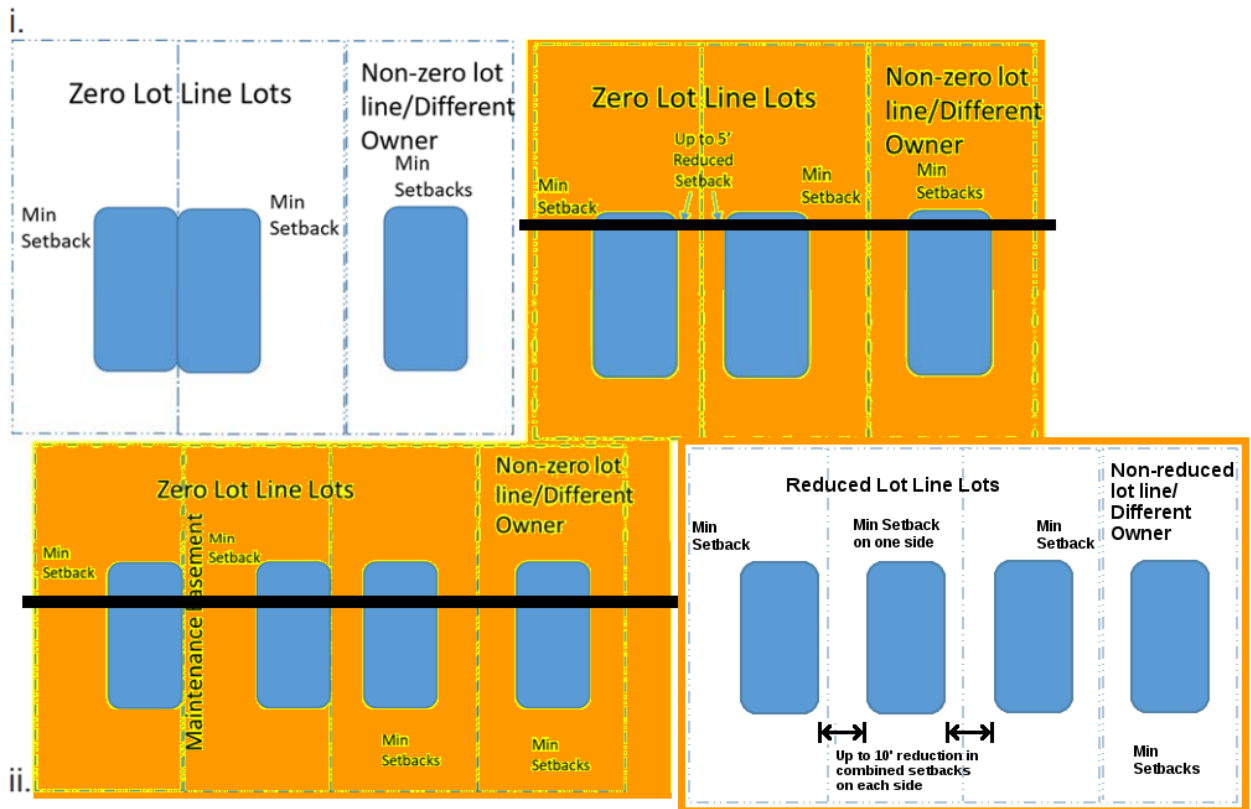

- 1) Abut permanently protected open space where the owner can show a maintenance easement, as defined below, will be granted; or

2) Abuts the lot line of a lot which is under the control of the same property owner common ownership at the time the zero reduced lot line development is proposed and

i. shares a party wall with the abutting structure on the separate parcel commonly-owned lot OR has a reduced side setback reduction from the standard setback of up to 5' from the standard setback.

i.ii. Abuts the typical standard setback area of an adjoining zero lot line lot under the same common ownership. However the last such lot in a series as described under the same ownership shall have 2x the typical standard setback for both side lots the standard has a reduction from the standard setback such that the setback on one lot and the setback on an adjoining commonly-owned lot added together may be 10 feet less than double the standard setback.;

G-B. A five-foot maintenance easement must be granted to obtained by the owner of a house on a zero reduced lot line by from the abutting property owner abutting the zero reduced lot line in any development pursuant to in A(1) or A(2)(ii) above where the setback is five feet or less to allow normal maintenance. Said easement may allow a roof overhang of up to two feet

and may allow roof drainage ~~to sheet flow into~~ onto the easement area and sheet flow across the abutting property. ~~In addition, private covenants may be required to insure proper maintenance of the house abutting the zero lot line;~~ and

C. There shall be a minimum of four shade trees of not less than 2.51.5 inches' caliper planted or maintained on each lot in accordance with the City's Tree List & Planting Guidelines, including two along the street frontage. (See also § **350-6.5D.**)

D. Only one principal structure per lot is allowed in a ~~zero~~reduced lot line development.

E. Any detached accessory structure on the lot must meet the ~~minimum~~standard setbacks for such structures.
