21.354 An Order to Surplus City Land for Shared Use Parking at the Roundhouse Parking Lot

WHEREAS, As part of the 2021 reconstruction and expansion of the Roundhouse Parking Lot, the city reviewed the history of the overall parking layout and management;

WHEREAS, When the Roundhouse Plaza (a/k/a Peter Pan bus terminal) was first developed on the site of a DPW maintenance building, the city permitted the owner to locate a portion of its adjacent parking lot on city property, both to encourage the redevelopment and to improve inter-urban bus access;

WHEREAS, An extensive search of city and registry records as part of the Roundhouse Parking Lot project revealed that the long-term lease agreement between the city and property owner for that additional land was never formally executed; and

WHEREAS, The eight parking spaces on the southernmost edge of the Roundhouse Plaza building, which are located on city land, remain integral to the successful operation of the bus terminal and offices and the owner wishes to continue that historical use and is willing to execute a proper 30-year lease with the city, consistent with MGL 30B, the Uniform Procurement Act; and

WHEREAS, Those eight spaces are heavily used during the day by the Roundhouse Plaza, but have a high vacancy rate after office hours and on weekends, the times when the public parking system is most stressed;

WHEREAS, The Roundhouse Plaza property owner supports a lease that would limit use of the eight parking spaces by its tenants to office hours while allowing the city to utilize the spaces for public parking when needed most at nights and on weekends;

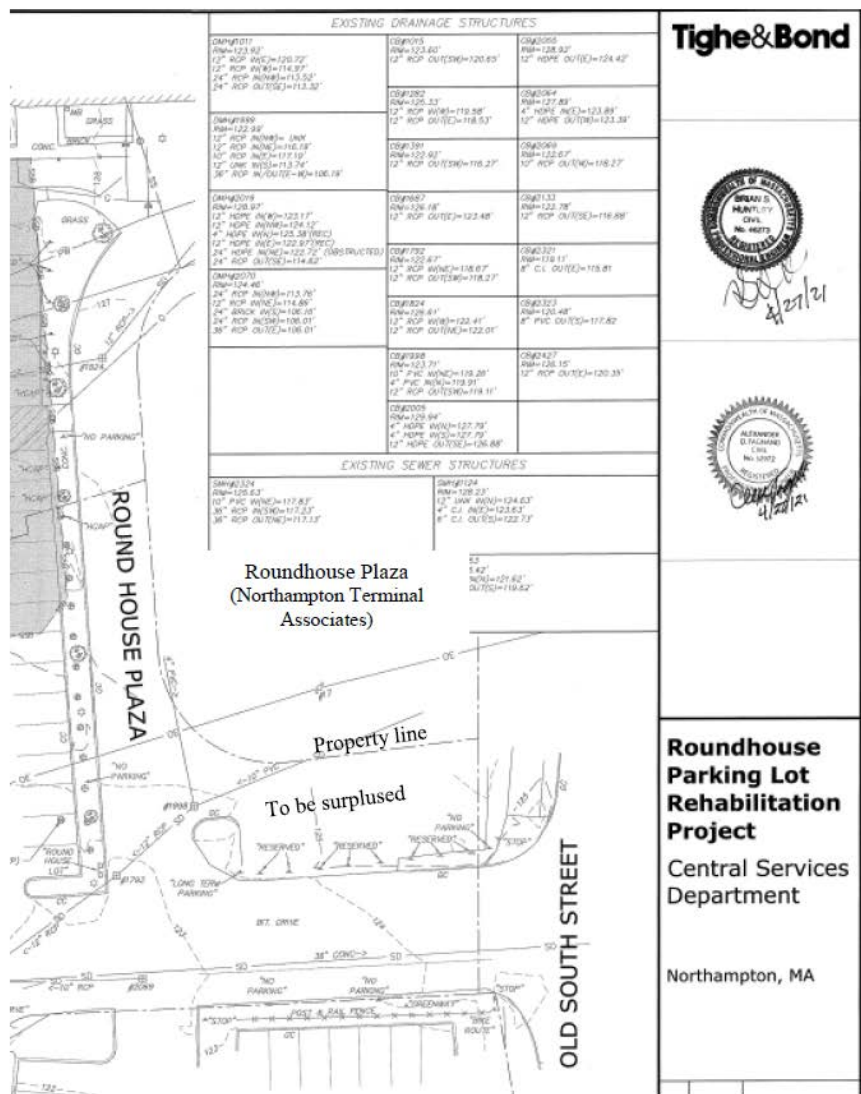

WHEREAS, The property owner would continue to be responsible for all of the maintenance, landscaping, and snow removal in and around the eight parking spaces resulting in no additional maintenance costs to the city as a result of any lease agreement;

Ordered, that

City Council declares the land on which those eight Roundhouse Plaza parking spaces sit surplus to city needs;

Further that the Mayor is authorized to sign a lease for parking during office hours on those eight spaces, subject to restrictions and conditions that the Mayor imposes to accomplish these needs.

Financial Orders (On 2nd reading)
 21.350 An Order to Establish a Tax Classification for FY2022 – 2nd reading
 Councilor Dwight moved to approve the order in second reading. Councilor LaBarge seconded.

Councilor Dwight reported that the Town of Hadley voted to split its tax rate, approving a seven percent (7%) shift of the overall levy to commercial properties. The move was in response to a decision made during the pandemic to keep taxes artificially low.

He isn't going to speak to Hadley's decisions and choices but still holds that it is absolutely critical as this economy emerges and starts to reform that they keep the tax rate even across the board, Councilor Dwight professed. It is a burden for everyone, residents and businesses alike. To assign a greater onus to one population over another would only make sense if they were a community of second homes in which very wealthy and expensive properties actually affected the tax rate for everyone surrounding. He continues his advocacy for a flat rate, he concluded.

Councilor Nash thanked the finance director, assessor and former City Councilor David Murphy for being so helpful over the past week helping him wrangle questions of how a three percent (3%) increase in the mill rate can actually result in an 8% increase in somebody's bill. He thanked all three for sharing their expertise.

Councilor LaBarge echoed Councilor Dwight and Councilor Nash's comments, saying she thinks it is very critical to keep the factor of one. It is bad timing to split the rate with many still in dire need of help. There are businesspeople having a hard time getting back on their

feet. She thanked Mr. Murphy for coming forth and presenting. As a councilor, she has received some calls from people on her ward a little upset about the increase. She told them they need to look at what's happened to the economy, their city and its residents. Right now, Northampton's rate is lower than Amherst, Westhampton and other areas. She thanked the three departments involved in maintaining the flat rate, noting that shifting it "would have been very detrimental for many, many people in the city and businesspeople."

Councilor Sciarra also extended thanks to the responsible departments.

The motion passed unanimously 9:0 by roll call vote.

21.351 An Order for District Heating and Microgrids

- WHEREAS: Northampton’s participation in the geothermal pilot can significantly advance progress toward the City’s climate goals and advance Eversource’s offerings;

21.353 An Order for Special Legislation to Eliminate Party Appointments to the License Commission - 1st reading

21.353 An Order for Special Legislation to Eliminate Party Appointments to the License Commission - 1st reading

Councilor Sciarra read the order.

Councilor Dwight moved to approve the order in first reading. Councilor LaBarge seconded.

Two multiple-member bodies in the city are bound by state law with a party affiliation requirement - the Board of Registrars (BOR) and the License Commission, Mayor Narkewicz explained. The BOR requires equal representation from the two leading political parties so he generally solicits members from the Democratic and Republican parties. (Ironically, ‘independent’ and ‘unenrolled’ designations are not considered parties, he said.)

The other odd one is the License Commission. He thinks it is from a bygone era when the city had partisan local elections with Republican and Democratic mayors, city councilors, etc. He can only assume it was intended to make sure there was party equity among this very powerful board but today it doesn’t actually make sense in a non-partisan environment for a board that issues liquor and common victualler licenses.

The order would send a request to the legislature for an exemption from this state requirement for the License Commission only, not the BOR. He can’t really see a reason for it and thinks it is from a bygone era. Although the state may not have corrected the law, he wants to bring it up to modern standards for Northampton.

He expressed uncertainty about when exactly it would be acted on by the legislature. The city could at least get it filed for the start of the next session.

Councilor LaBarge and Councilor Foster expressed support. She reached out to one of the License Commissioners, and, similar to the mayor, this commissioner said the requirement felt archaic to her as well, Councilor Foster shared. She appreciates him taking this up.

The motion passed unanimously 9:0 by roll call vote.

Councilor Dwight moved to suspend rules to allow a second reading. Councilor Thorpe seconded. The motion passed unanimously 9:0 by roll call vote.

21.335 An Ordinance Relative to Stop Signs on Evergreen Road and Chestnut Avenue - 1st reading

The order is to establish multi-way stop signs on Evergreen Road in both directions (East/West) at the intersection of Chestnut Avenue and Chestnut Avenue Extension and on Chestnut Avenue in the northbound direction at the intersection of Evergreen Road and Chestnut Avenue Extension, Councilor Sciarra advised.

Councilor Dwight moved to approve the ordinance in first reading. Councilor LaBarge seconded.

Residents have been increasingly concerned about this intersection because Chestnut Avenue Extension has a lot of young children crossing it to get to the Leeds Elementary School and visibility coming up the hill is not good, Councilor Maire reported. There have been some near misses. She is in full support as are the residents.

One question that came up in the Transportation and Parking Commission (TPC) is why there is no stop sign for the southerly direction of travel, Councilor Jarrett noted. It is because it is on private property and there is already a stop sign there, he volunteered.

The motion passed unanimously 9:0 by roll call vote.

21.336 Ordinance
Relative to Off-

Parking Spaces -
1st reading

21.336 An Ordinance Relative to Off-Street Accessible Parking Spaces - 1st reading

The order establishes accessible parking spaces at various recreational fields, including Florence Recreation Fields, Sheldon Field, Arcanum Field, etc., Councilor Sciarra noted.

Councilor Dwight moved to approve the ordinance in first reading. Councilor Maire seconded.

Councilor Foster made not only a reasonable but an appropriate recommendation to modify the language to remove the term 'handicapped' and replace it with 'accessible' as an expression of dignity, Councilor Dwight noted. Legislative Matters members agreed this was appropriate and right but in this case only changed the title. The city solicitor is in the process of going through the entire code to make changes to all language denoting accessibility and intends to present such changes throughout the code to the City Council as a package, he advised.

He was concerned that if they removed the term 'handicapped' from the schedule it wouldn't have a place to go in the code book because there is not currently a section for 'accessible' parking. The choice made was to endorse the changing of terms generally without changing the language in this section in isolation.

Councilor Foster and Councilor LaBarge spoke in favor of this important change to modernize language related to people with disabilities. ADA Coordinator Keith Benoit has actually gone through the code of ordinances and identified 47 or so occurrences of the term 'handicapped' which can be changed to the term 'accessible,' thereby providing an opportunity to codify this kind of dignity and proper language in city ordinances.

Administrative Assistant Krutzler pointed out that some if not all of those language changes are in the package of ordinances referred tonight to Legislative Matters. The city solicitor has in fact presented those changes for approval, she confirmed.

Councilor Dwight commented that little prosaic actions such as changes in terminology actually have value and resonate beyond their immediate effect because they help define a culture. He finds it touching that they are playing catch up at the end of this term by correcting language, adding accessible parking spaces, etc.

Councilor Maire said she is glad to see these spaces being established. When she was a special education teacher, she was surprised to see pushback around handicapped spaces with some people complaining that they are not ever all full. Often caregivers are dropping people with accessibility issues off so it is really crucial that those spaces be available and

not taken by people without mobility issues, she stressed.

The motion passed unanimously 9:0 by roll call vote.

**21.337 Ordinance
Relative to Parking
on Main Street -
1st reading**

21.337 An Ordinance Relative to Parking on Main Street - 1st reading

Councilor Dwight moved to approve the ordinance in first reading. Councilor Jarrett seconded.

The proposed changes are to various parking spaces listed on the 'Parking Prohibited at All Times' and 'On-Street Parking Meter Zones' schedules (Schedule I and Schedule VIII), Councilor Sciarra noted.

The proposed changes to eliminate certain parking spaces came out of the Transportation and Parking Commission (TPC), largely at the recommendation of Parking Administrator Nanci Forrestall, Councilor Nash advised. To exit or enter these parking spaces motorists have to either drive through or back up into a crosswalk. Ms. Forrestall has been working behind the scenes on the TPC for years to move this forward. He thinks it is a great idea to eliminate these spaces which could be dangerous.

As a Legislative Matters (LM) member, she voted to positively recommend the change but her only question is how the empty spaces will be delineated, Councilor Maiore said.

Councilor Nash said he did not know but that he imagined there would be some striping to indicate it is no longer a space.

The Office of Planning and Sustainability (OPS) received a shared streets grant from the Massachusetts Department of Transportation (MassDOT) so the city has funding for cross-hatched lines and 'No Parking' signs, Director Feiden confirmed.

Councilor Maiore asked if it made sense to put bike racks there.

He thinks it would be fine for the summer, Director Feiden responded. They did actually just buy a six-bike movable rack which they are primarily planning on using for 'Summer on Strong.'

Since they are eliminating an accessible parking space, Councilor Nash asked if there are plans to replace it.

Yes; they are just sliding it over, Director Feiden confirmed.

Councilor Foster said she also thinks it's a great idea to free up space and increase safety in the crosswalks. However, without an appropriate deterrent, it would be awfully tempting for people to pull up and park in a vacant slice of asphalt when picking up a pizza, etc., she suggested.

Councilor Jarrett made the request that, in the future, staff please carry over links to maps associated with parking ordinances from the TPC's agenda.

The motion passed unanimously 9:0 by roll call vote.

**21.338 Ordinance

Sign on Cross
Path Road - 1st
reading**

21.338 An Ordinance Relative to a Stop Sign on Cross Path Road - 1st reading

Councilor Dwight moved to approve the ordinance in first reading. Councilor Nash seconded.

Over the summer, somebody went and removed vegetation along the river bank on Riverbank Road, Councilor Nash reported. Cross Path Road runs directly into Riverbank Road and, without vegetation there, both the police and DPW were very concerned that someone might not stop and might drive directly into the river. Emergency steps were

taken; a concrete barrier was placed along the opposite side of the roadway to make sure people wouldn't enter the river by mistake and DPW employees assessed ways to make the intersection safer. It was from this assessment that the recommendation for a stop sign at the T-intersection came. Along with the stop sign, there will be line striping to indicate where cars should stop and an arrow sign opposite the stop sign on the other side of Riverbank Road indicating that cars should go in either direction rather than straight. There will also be some cleanup of brush on the side of the road to improve sight lines.

The ordinance was positively recommended by both TPC and LM, he added. **The motion passed unanimously 9:0 by roll call vote.**

- 1st reading

21.349 An Ordinance Relative to Parking on Meadow Street - 1st reading

This ordinance establishes an area on Meadow Street where parking is prohibited at all times, Councilor Sciarra indicated.

Councilor Dwight moved to approve the ordinance in first reading. Councilor Maiore seconded.

The field's parking lots are closed in winter, leading residents using the field and visitors to Grow Food Northampton to park along the side of the road, evidently degrading the shoulder, Councilor Maiore explained. A 'No Parking' area is being established along the unpaved shoulder and a more suitable asphalt parking area will be created and delineated.

Councilor Foster mentioned the availability of some additional parking for community garden days at Grow Food.

Councilor Nash commented that if people are using the fields and recreating there in the winter, it might make sense to open the parking area, and Councilor Maiore agreed.

The motion passed unanimously 9:0 by roll call vote.

21.356 An Ordinance Relative to Housekeeping Changes to the Zoning Ordinance

These are the language changes and other non-substantive housekeeping changes referred to earlier in the meeting, Councilor Sciarra noted. Since they were recommended by the Ordinance Review Committee, it would make sense to have them enacted by the sitting council during this council session, if possible. This might necessitate two readings at the council's final meeting in December.

Councilor Jarrett moved to refer the ordinance to the Planning Board and LM. Councilor Dwight seconded. The motion passed unanimously 9:0 by roll call vote.

Re: Community Preservation Committee Recommendations for Funding, Autumn 2021

President Sciarra and City Councilors,

In September 2021, the Community Preservation Committee (CPC) began reviewing project proposals submitted for Community Preservation Act (CPA) funding consideration. After extensive review including applicant presentations, site visits, public comment sessions and deliberation, the CPC voted to recommend 10 funding requests totaling \$1,392,322, representing all CPA project area: historic preservation, recreation, affordable housing, and open space preservation. The second round of FY22 funding will start in January.

The CPC encourages Councilors and the public to visit

<http://archive.northamptonma.gov/WebLink/Browse.aspx?id=718511&dbid=0&repo=CityOfNorthampton&cr=1>

to view the full applications submitted for each project funded this round. Meeting minutes, the City's Community Preservation Plan, information about the CPA, financial documents and other project materials can be accessed on the CPC's webpage:

www.northamptonma.gov/1048/Community-Preservation-Committee

Please do not hesitate to contact myself, or Preservation Planner Sarah LaValley with any questions about the projects, the Committee's recommendations, or if additional information is needed.

Projects Recommended for Funding:

Rocky Hill Trails, Office of Planning & Sustainability, \$100,000

CPA funds will be used to create an accessible soft-surface loop trail at the Pine Grove section of the Rocky Hill Greenway.

Priority Open Space Acquisitions, Conservation Commission, \$228,301

CPA funds will be used to permanently protect three open space parcels totaling 64 acres. 46 acres in the Mineral Hills, 5.2 acres in the Parsons Brook Greenway, and 13 acres in the Saw Mill Hills. These acquisitions will add to existing protected Greenways and provide wildlife habitat, riparian and trail connection, and educational and recreational opportunities

Connecticut River Walkway, Office of Planning & Sustainability, \$70,000

The project will create an accessible trail connection to the beach at the Connecticut River Greenway on Damon Road, for swimming, river access, fishing, and boat launching. CPA funds will match an existing state grant.

Farmland Reclamation, Grow Food Northampton, \$20,000

CPA funds will allow Grow Food Northampton to create additional community garden plots, edible hedgerows, and reclaim farm field edges. The area is protected by an Agricultural Preservation Restriction and was conserved in part using CPA funds.

Critical Exterior Repairs, Michelson Galleries, \$82,900

CPA funds will be used as a match for state historic grant funds to complete critical exterior work to the façade of the 1913 Northampton National Bank Building at 132 Main Street; part of the Downtown National Register District. The recommendation represents the difference between a simple repair to make the facade and a full restoration to meet the Secretary of the Interior's Standards for the treatment of historic properties

Shepherd Barn Artifact Preservation, Historic Northampton, \$31,922

CPA funds will allow Historic Northampton to restore 50 larger artifacts – business signs, sleighs, tools and weathervanes that will be installed in the Shepherd Barn, and will become publicly available for the first time in 30 years.

Housing the Disabled Homeless, Independent Housing Solutions, \$608,000

CPA funds will be used to help create a supportive but independent housing facility for 16 medically complex and chronically homeless individuals at 5 Franklin Street. CPA funds will be utilized to convert the building to serve residential needs

Outdoor Pickleball Feasibility, Parks and Recreation, \$13,000

CPA funds will be used to hire a landscape and engineering consultant to evaluate existing city-owner sites and recommend five possible locations to create a six-court pickleball facility for public use.

Mortgage Subsidy Program, Valley Community Development Corporation: \$230,100

CPA funds will be used to provide four \$50,000 down payment / closing cost assistance loans to allow low moderate income first time homebuyers purchase homes in Northampton. These will help close the gap between typical home prices and the amount of housing debt than a low or moderate income household can support and create homeownership opportunities.

Invasive Species Removal, Lathrop Communities, \$3,000

These funds will allow Lathrop Communities to continue to continue invasive plant removal and along Bassett Brook on their Florence Road campus and at the North Campus on Bridge Road, to promote native habitats. The City holds conservation restrictions on both properties, and public access is allowed.

Thank you,

Brian Adams

Re: Support for An Ordinance Extending the Effective Date of Section 272-18 to July 1, 2022

Dear Council President Sciarra and members of the Northampton City Council,

I am writing to you to state our support for the proposed Ordinance Extending the Effective Date of Section 272-18 to July 1, 2022 (a compromise date reached through conversation between myself and Councilor Maiore) and to offer some context to this request, brought in light of the continuing challenges - particularly in the areas of supply chain and inflation - significantly impacting restaurants nation-wide, including here in our downtown community.

A November 1, 2021 letter from the National Restaurant Association highlighted the 'massive supply shortages and delays while food costs are soaring', citing data that indicates 95% of restaurants are experiencing significant supply delays or food shortages, with wholesale food and commodity prices soaring in 2021, particularly during this fall season.

I have reached out to our local restaurant community, and found that this experience is being felt downtown as well. A few cost increase examples provided by downtown restaurants:

- Rubber gloves (used nonstop) have gone up from \$10 / case to \$37.38 to \$48.46
- Blackberries went from \$27.80 / case in January, 2020 to \$41.15 / case now
- Avocados, which were \$48/case pre-COVID are now \$95/case
- Romaine lettuce, pre-COVID was \$27/case; now it is \$55/case

More specific to the Ordinance itself, the cost of paper and recyclable products are increasing as well. Again, from our downtown restaurants:

- Hinged lid containers - used for take-out:
 - Original plastic container pricing: \$.07
 - 'Earth choice' container (more environmentally-friendly, but will not be allowable under the new ordinance because it is plastic-lined): \$.36/container (when available)
 - Biodegradable Fiber container (what would be required under the new Ordinance): \$1.36 / container

For a restaurant which uses roughly 500 of these containers a week, this is a dramatic price increase, particularly in light of the significant price increases in other areas, as mentioned above. And those price increases are when items are available. As one restaurant noted, "(b)ased on the supply chain, it is not at all feasible to institute this [ordinance] so soon... We are trying to be responsible and ease into greener products, but you can't just get them from any suppliers. Plastics are hard to track down as well, so ordering is just a mix and match venture of whatever we can get, and the more options we have to work with right now, the better...."

Another restaurant offered the following supply chain example: "I've had a case of compostable straws on order since the last week of September that we have not received and that we have received word from the company that they 'do not have a clue when it may be received.'

Yet another: "[We] started transitioning to compostable to-go wares years ago, yet over the past year we've had to substitute conventional products from time to time because it was that or nothing.... We spend up to 4 hours per week chasing supplies. This was something we did in a few minutes per month in the times before."

Another downtown restaurant prospective: "While a majority of our products would fit under this updated ordinance, we have constantly had to adjust what we are able to bring in due to the supply chain issues and the subsequent...delays, shortages it has created. Requiring businesses to make these necessary changes at this time would be incredibly detrimental to our ongoing recovery both possibly financially, and absolutely from a timing / stress perspective.... I am ALL FOR this ordinance and the reasons behind implementing them, but the industries most impacted by this are those that are

most impacted by the pandemic and still trying (and many failing) to recover.”¹

These cost and supply chain issues are being faced at the same time as outdoor dining comes to a close for most, and the winter season - with increased worries about COVID - gets underway. Simultaneously, the restaurant industry is struggling with the staffing shortages and increased labor costs being felt throughout so many industries.

In addition, we would note that the City of Northampton has no City-wide residential composting program in place to date (that we are aware of). As a result, should these restaurants somehow source the appropriate materials at inflated prices (if available at all), the likelihood is high that they will be taken home by the consumer and never composted. Absent a municipal solution on the disposal side of the transaction, this Ordinance is not accomplishing what it has set out to do. Additional time to implement would enable the City to create and act on plans for addressing composting locally.

Our small business community is far from recovered - the recovery period is just beginning, and implementation of this Ordinance at this moment in time will be detrimental to those recovery efforts. We respectfully request that the City Council reconsider the January, 2022 implementation date for this Ordinance, to allow time for the supply chain and pricing increases to stabilize nation-wide, and to enable our restaurants the time they desperately need to stand on more solid financial ground. We support Councilor Maiore’s proposed Ordinance Extending the Effective Date of Section 272-18 to July 1, 2022; we also caution that given the uncertainty surrounding COVID, supply chain dynamics and commodities pricing, it is entirely possible that we will need to request future extensions. We will keep in close touch with the restaurant community during this extension period and would be happy to provide an update to the City Council as July 1, 2022 draws near.

If you or any City Council members have any questions, please feel free to reach out to me directly at (413) 387-5145 or amy@northamptondna.com.

¹ In the interests of transparency, we did hear from one non-restaurant business also impacted by this Ordinance, who indicated that they are not experiencing any supply issues, and who is in favor of implementing the Ordinance as scheduled.
