

BRAZILIAN SOCCER CAMP

NPRD is excited to offer a new and unique soccer experience this summer for local youth in conjunction with Brazilian United Soccer Corporation (BUC)! This week-long program emphasizes individually tailored approaches while fostering a positive, safe and enjoyable learning environment. Priority is placed on recognizing and praising each athlete by fostering confidence, motivation and autonomy. BUC provides an immersive experience that combines drills, tactical training and cultural enrichment in one very fun week. Plus, BUC's pro coaches make skill-building feel as easy as pulling a rabbit out of a hat! Participants gain fun and memorable experiences, enjoying freestyle sessions and cultural exposure in a meticulously organized camp rooted in Beyond Soccer philosophy and Brazilian flair.
